

N-Pak[®] AMS Liquid

WATER CONDITIONING AGENT

For Use With Herbicides For Weed Control

PRINCIPAL FUNCTIONING AGENTS:

Ammonium Sulfate	34.0%
CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT	<u>66.0%</u>
TOTAL	100.0%

All ingredients are exempt from the requirements of a tolerance in 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

Causes moderate eye irritation. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, shoes plus socks when mixing or applying N-PAK AMS LIQUID.

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

STORAGE AND DISPOSAL

STORAGE: Keep from freezing if possible. If frozen warm back to room temperature and shake container or re-circulate before use. Store in original container only. Do not contaminate water, food, or feed by storage or disposal.

CONTAINER DISPOSAL: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. Contact your state and local ACRC recycler or visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill. Returnable/Refillable containers: For bulk and mini bulk containers, do not reuse, return empty container to point of purchase.

DIRECTIONS FOR USE
For Terrestrial Use Only – Not For Aquatic Use

The addition of N-PAK AMS LIQUID to the spray solution has increased the performance of post-emergence herbicides on emerged annual weeds under adverse growing conditions. N-PAK AMS LIQUID should be added to the water in the spray tank prior to adding the herbicide or any surfactants.

If the herbicide label requires 8.5 to 17 lbs. of dry ammonium sulfate per 100 gallons of spray solution, then use 2.5 to 5 gallons of N-PAK AMS LIQUID per 100 gallons of spray solution.

One gallon equals 3.4 pounds of dry ammonium sulfate, five gallons equals 17 pounds of dry ammonium sulfate.

Notice of Warranty

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
