FOR COMMERCIAL USE

Information regarding the contents and levels of metals in this product is available on the Internet at: <http://www.aapfco.org/metals.htm>

F. 1360 1627

Monty's® Agri-Sweet is a natural product which improves natural bacterial activity in the soil. Increased bacterial activity accelerates the release of nutrients and minerals in the soil which creates a beneficial biological environment for plant growth. Monty's Agri-Sweet contains no extraneous material or suspended particles for reduced nozzle problems and may be blended with many liquid fertilizers and farm chemicals. Monty's Agri-Sweet may be applied at planting, at transplant, as a sidedress or in fertigation and chemigation. Use Monty's Agri-Sweet for any application where molasses or sugar is currently used.

Application Rates

Mix 16 to 24 ounces in a minimum 15 gallons of water per acre. Apply directly to soil. Always conduct a soil test to determine nutrient levels and make needed amendments to assure good fertility levels in your soil. Monty's Agri-Sweet is a supplement to your fertilizer program.

Use of Monty's with Farm Chemicals

Monty's products are compatible with many farm chemicals, but Monty's does not guarantee it to be so. When tank mixing any Monty's products with other farm chemicals, always read and follow the label directions of the chemical(s) you are considering. Monty's suggests administering a jar test and/or a strip test before adding Monty's to your tank mix. When mixing with other farm chemicals, it is suggested to tank mix Monty's only after diluting the chemical according to label directions. Knowing the chemical's "mode of action" (block photosynthesis) or metal content (copper based) will help determine the compatibility of Monty's. Please call (800) 978-6342 with any questions.

Storage and Handling

Keep container closed when not in use. Avoid freezing. This product contains organic materials which may settle and should be shaken or stirred if stored. Refer to the MSDS for other safety and handling information.

Limited Warranty

Monty's warrants that this product meets its manufacturing specifications. If it does not, Monty's will, at its option, replace the product or refund the purchase price. In no event shall Monty's be liable for special, incidental or consequential damages or for damages in the nature of penalties. Monty's shall not be liable in any way for claims resulting from any use of this product which is not in strict accordance with all directions, cautions and warnings on the label or labels.

KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. AVOID CONTACT WITH SKIN, EYES, OR CLOTHING. Flush skin, eyes or clothing as soon as possible.
