

BARK OIL RED LT

LOW VOLUME BASAL BARK ADJUVANT

PRINCIPAL FUNCTIONING AGENTS:

Petroleum distillates, tall oil fatty acids, nonylphenol ethoxylate and constituents ineffective as an adjuvant. 100%
TOTAL 100%

KEEP OUT OF REACH OF CHILDREN

DANGER

Precautionary Statements: May be fatal if swallowed and enters airways. Wash hands thoroughly after handling. Do not breathe dust/fume/gas/mist/vapours/spray. Wear protective gloves/protective clothes/eye protection/face protection. Do not eat, drink or smoke when using this product. Keep only in original container. Keep container tightly closed. Read label before use.

Environmental Precautions: Prevent further leakage or spillage if safe to do so. Do not contaminate water. Do not allow to enter drains, sewers, or watercourses.

Personal Protective Equipment: Wear chemical splash eyewear, face shield and acid impermeable gloves, long-sleeve shirt and pants, rubber apron and shoes and socks.

FIRST AID: **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do NOT induce vomiting. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL: 1-866-944-8565.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

GENERAL: Bark Oil Red LT is engineered for low-volume basal bark and stump treatments and is used only with oil-miscible woody plant herbicides with labels that permit dilution with oil. Follow all use directions and precautions on the label of the herbicide being used. Bark Oil Red LT remains effective at below freezing temperatures.

NET CONTENTS:

15 GL. (56.7 L)

Manufactured for:

Loveland
PRODUCTS

Loveland Products, Inc. • PO Box 1286 • Greeley, CO 80632

DIRECTIONS FOR USE : Follow the directions on all pesticide labels.

Use only if a low volume basal oil is allowed or not excluded on the pesticide manufacturer's label. In all cases, the pesticide manufacturer's label should be consulted regarding specific adjuvant use recommendations and that rate followed.

Do not pre-mix with pesticides, nutrients or other adjuvants before mixing with water.

If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety.

Order of Addition

In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.

1. Wettable Powders (WP), then Flowables (F, DF)
2. Agitate, then add anti-foaming compounds, buffers
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)
5. Bark Oil Blue LT and other adjuvants

Prior to mixing, fill spray tank with half of the carrier intended for use, usually water. Then start the sprayer

and check to make sure that all valves and gauges work and there is proper tank agitation.

USE RATES

Blend the herbicide with Bark Oil Red LT at a ratio of 5% to 50% herbicide in diluent.

Ratios will vary with the herbicide and spray equipment used. Do not exceed the rate per acre indicated on the herbicide label.

STORAGE AND DISPOSAL

STORAGE: Store locked up. Store in a cool well-ventilated place. To avoid product degradation and equipment corrosion, do not use iron, copper or aluminum containers or equipment. Material is hygroscopic and should not be exposed to moisture in order to maintain product integrity. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of contents/container on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycle.org.

For help with any spill, leak, fire or exposure involving this material, call day or night CHEMTREC 1-800-424-9300.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

BEFORE BUYING OR USING THIS PRODUCT, read the Directions for Use and the following Conditions of Sale and Limitation of Warranty and Liability.
