

BLU-MIN®

ZINC-POWDER WITH SULFUR

GUARANTEED ANALYSIS

Sulfur (S).....17.5%
Zinc (Zn).....35.5%

Derived from: Zinc Sulfate Monohydrate

Use in accordance with the recommendations of a qualified individual or institution or according to an approved nutrient management plan.

Danger

Hazard Statements:

Very toxic to aquatic life, with long lasting effects.
Risk of serious damage to eyes.
Harmful if swallowed.

Precautionary Statements:

Keep away from heat/sparks/open flames/hot surfaces-No smoking
Wear protective gloves/protective clothing/eye protection/face protection
Wash hands thoroughly after handling
Do not eat, drink or smoke when using this product
Avoid release to the environment
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.
Collect spillage
Dispose of contents/container in accordance with local/regional/national/international regulation.

First Aid:

Eye Contact: If irritation occurs, cautiously rinse eyes with lukewarm water for 15 minutes. Let the eye(s) water naturally for a few minutes. If irritation persists, obtain medical attention. DO NOT attempt to manually remove anything stuck to the eye.

Skin Contact: Remove contaminated clothing, shoes and leather goods (e.g. watchbands, belts). Quickly and gently blot or brush away excess chemical. Wash gently and thoroughly with lukewarm gently flowing water and non-abrasive soap for 5 minutes. If irritation persists, repeat flushing. Obtain medical advice.

Inhalation: If symptoms are experienced, remove source of contamination or move victim to fresh air. Obtain medical advice.

Ingestion: Have victim rinse mouth thoroughly with water. DO NOT INDUCE VOMITING. Have victim drink 2 – 8 oz. (60 – 240 ml) of water. Zinc sulfate is an emetic and may cause vomiting. If vomiting occurs naturally, have victim rinse mouth with water again. Obtain medical advice and bring a copy of this SDS.

Fire: Zinc sulfate does not burn or support combustion. Use any means of extinction appropriate for the surrounding fire conditions such as water spray, carbon dioxide, dry chemical, or foam.

In Case of EMERGENCY call Chemtrec-1-800-424-9300
