

**1. Identification**

|   |  |                |
|---|--|----------------|
| <b>Product identifier</b>                                     | <b>Brandt Organics 5% Cu</b>   |                |
| <b>Other means of identification</b>                          |  |                |
| <b>Product code</b>   | 24003  |                |
| <b>Recommended use</b>  | Agricultural/ Horticultural Use- Micronutrient Fertilizer- Refer to product label.   |                |
| <b>Recommended restrictions</b>                               | Refer to product label.  |                |
| <b>Manufacturer/Importer/Supplier/Distributor information</b> |  |                |
| <b>Manufacturer</b>   |  |                |
| <b>Company name</b>   | Brandt Consolidated, Inc.  |                |
| <b>Address</b>  | 2935 South Koke Mill Road<br>Springfield, IL 62711<br>United States  |                |
| <b>Telephone</b>  | Corporate Office   | 1-217-547-5800 |
| <b>Website</b>  | www.brandt.co  |                |
| <b>E-mail</b>   | msds@brandt.co   |                |
| <b>Contact person</b>   | EH&S / Regulatory Department   |                |
| <b>Emergency phone number</b>                                 | CHEMTREC (24 hours):<br>USA, Canada, Puerto Rico 1-800-424-9300<br>Virgin Islands 1-800-424-9300<br>International Maritime +1 (703) 527-3887 |                |

**2. Hazard(s) identification**

|                              |  |             |
|------------------------------|--|-------------|
| <b>Physical hazards</b>      | Not classified.  |             |
| <b>Health hazards</b>        | Skin corrosion/irritation                              | Category 2  |
|                              | Serious eye damage/eye irritation                      | Category 2A |
|                              | Sensitization, skin                                    | Category 1  |
|                              | Germ cell mutagenicity                                 | Category 2  |
|                              | Reproductive toxicity                                  | Category 2  |
|                              | Specific target organ toxicity, repeated exposure      | Category 1  |
| <b>Environmental hazards</b> | Hazardous to the aquatic environment, acute hazard     | Category 1  |
|                              | Hazardous to the aquatic environment, long-term hazard | Category 1  |
| <b>OSHA defined hazards</b>  | Not classified.  |             |
| <b>Label elements</b>        |  |             |

|                                |   |
|--------------------------------|---|
| <b>Signal word</b>             | Warning   |
| <b>Hazard statement</b>        | Causes skin irritation. Causes serious eye irritation. Toxic to aquatic life. Toxic to aquatic life with long lasting effects.  |
| <b>Precautionary statement</b> |   |
| <b>Prevention</b>              | Wear eye/face protection. Wash thoroughly after handling. Avoid release to the environment. Wear protective gloves.   |
| <b>Response</b>                | If on skin: Wash with plenty of water. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Specific treatment (see this label). If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash before reuse. Collect spillage. |

|  |   |
|--|---|
| <b>Storage</b>                                   | Store away from incompatible materials.   |
| <b>Disposal</b>                                  | Dispose of contents/container in accordance with local/regional/national/international regulations. |
| <b>Hazard(s) not otherwise classified (HNOC)</b> | None known.   |
| <b>Supplemental information</b>                  | None.   |

### 3. Composition/information on ingredients

#### Mixtures

| Chemical name                            | Common name and synonyms | CAS number | %  |
|--|--------------------------|------------|----|
| Cupric Sulfate, pentahydrate             |                          | 7758-99-8  | 20 |
| Other components below reportable levels |                          |            | 80 |

\*Designates that a specific chemical identity and/or percentage of composition has been withheld as a trade secret.

### 4. First-aid measures

|   |   |
|---|---|
| <b>Inhalation</b>   | Move to fresh air. Call a physician if symptoms develop or persist.   |
| <b>Skin contact</b>   | Remove contaminated clothing. Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Wash contaminated clothing before reuse.                                 |
| <b>Eye contact</b>  | Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists. |
| <b>Ingestion</b>  | Rinse mouth. Get medical attention if symptoms occur.   |
| <b>Most important symptoms/effects, acute and delayed</b>                     | Symptoms may include stinging, tearing, redness, swelling, and blurred vision. May cause redness and pain. Severe eye irritation.   |
| <b>Indication of immediate medical attention and special treatment needed</b> | Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.  |
| <b>General information</b>  | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.  |

### 5. Fire-fighting measures

|  |   |
|--|---|
| <b>Suitable extinguishing media</b>                                  | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO <sub>2</sub> ).                      |
| <b>Unsuitable extinguishing media</b>                                | Do not use water jet as an extinguisher, as this will spread the fire.                        |
| <b>Specific hazards arising from the chemical</b>                    | During fire, gases hazardous to health may be formed.   |
| <b>Special protective equipment and precautions for firefighters</b> | Self-contained breathing apparatus and full protective clothing must be worn in case of fire. |
| <b>Fire fighting equipment/instructions</b>                          | Move containers from fire area if you can do so without risk.                                 |
| <b>Specific methods</b>  | Use standard firefighting procedures and consider the hazards of other involved materials.    |
| <b>General fire hazards</b>  | No unusual fire or explosion hazards noted.   |

### 6. Accidental release measures

|  |   |
|--|---|
| <b>Personal precautions, protective equipment and emergency procedures</b> | Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Keep out of low areas. Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.   |
| <b>Methods and materials for containment and cleaning up</b>               | <p>Large Spills: This material is classified as a water pollutant under the Clean Water Act and should be prevented from contaminating soil or from entering sewage and drainage systems which lead to waterways. Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.</p> <p>Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.</p> <p>Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.</p> |

**Environmental precautions** Avoid release to the environment. Inform appropriate managerial or supervisory personnel of all environmental releases. Contact local authorities in case of spillage to drain/aquatic environment. Prevent further leakage or spillage if safe to do so. Avoid discharge into drains, water courses or onto the ground.

## 7. Handling and storage

**Precautions for safe handling** Avoid contact with eyes. Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Provide adequate ventilation. Wear appropriate personal protective equipment. Avoid release to the environment. Observe good industrial hygiene practices.

**Conditions for safe storage, including any incompatibilities** Store in original tightly closed container. Keep container tightly closed. Store away from incompatible materials (see Section 10 of the SDS).

## 8. Exposure controls/personal protection

### Occupational exposure limits

#### US. ACGIH Threshold Limit Values

| Components                                   | Type | Value                 | Form           |
|--|------|-----------------------|----------------|
| Cupric Sulfate, pentahydrate (CAS 7758-99-8) | TWA  | 1 mg/m <sup>3</sup>   | Dust and mist. |
|  |      | 0.2 mg/m <sup>3</sup> | Fume.          |

#### US. NIOSH: Pocket Guide to Chemical Hazards

| Components                                   | Type | Value               | Form           |
|--|------|---------------------|----------------|
| Cupric Sulfate, pentahydrate (CAS 7758-99-8) | TWA  | 1 mg/m <sup>3</sup> | Dust and mist. |

**Biological limit values** No biological exposure limits noted for the ingredient(s).

**Appropriate engineering controls** Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Eye wash facilities and emergency shower must be available when handling this product.

### Individual protection measures, such as personal protective equipment

**Eye/face protection** Face shield is recommended. Wear safety glasses with side shields (or goggles).

#### Skin protection

**Hand protection** Wear appropriate chemical resistant gloves.

**Other** Wear appropriate chemical resistant clothing. Use of an impervious apron is recommended.

**Respiratory protection** In case of insufficient ventilation, wear suitable respiratory equipment. Respiratory protection not required.

**Thermal hazards** Wear appropriate thermal protective clothing, when necessary.

**General hygiene considerations** Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

## 9. Physical and chemical properties

|  |                           |
|--|---------------------------|
| <b>Appearance</b>                              | Viscous. Liquid.          |
| <b>Physical state</b>                          | Liquid.                   |
| <b>Form</b>                                    | Liquid.                   |
| <b>Color</b>                                   | Dark brown                |
| <b>Odor</b>                                    | slight lignin             |
| <b>Odor threshold</b>                          | Not available.            |
| <b>pH</b>                                      | 4                         |
| <b>Melting point/freezing point</b>            | Not available.            |
| <b>Initial boiling point and boiling range</b> | 302 °F (150 °C) estimated |
| <b>Flash point</b>                             | Not available.            |
| <b>Evaporation rate</b>                        | Not available.            |
| <b>Flammability (solid, gas)</b>               | Noncombustible            |

### Upper/lower flammability or explosive limits

**Flammability limit - lower (%)** Not available.

**Flammability limit - upper (%)** Not available.

**Explosive limit - lower (%)** Not available.

**Explosive limit - upper (%)** Not available.

**Vapor pressure** 0.00001 hPa estimated

**Vapor density** < 1

**Relative density** 1.17 g/cm<sup>3</sup> (typical)

### Solubility(ies)

**Solubility (water)** Not available.

**Partition coefficient (n-octanol/water)** Not available.

**Auto-ignition temperature** Not available.

**Decomposition temperature** Not available.

**Viscosity** Not available.

### Other information

**Density** 2.28 g/cm<sup>3</sup> estimated

**Percent volatile** 75.69 % estimated

**Pounds per gallon** 9.8 lb/gal (typical)

**Specific gravity** 2.28 estimated

## 10. Stability and reactivity

**Reactivity** The product is stable and non-reactive under normal conditions of use, storage and transport.

**Chemical stability** Material is stable under normal conditions.

**Possibility of hazardous reactions** Hazardous polymerization does not occur.

**Conditions to avoid** Contact with incompatible materials.

**Incompatible materials** Strong oxidizing agents.

**Hazardous decomposition products** No hazardous decomposition products are known.

## 11. Toxicological information

### Information on likely routes of exposure

**Inhalation** Prolonged inhalation may be harmful.

**Skin contact** Causes skin irritation.

**Eye contact** Causes serious eye irritation.

**Ingestion** Expected to be a low ingestion hazard.

**Symptoms related to the physical, chemical and toxicological characteristics** Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Skin irritation. Severe eye irritation. May cause redness and pain.

### Information on toxicological effects

#### Acute toxicity

| Product               | Species | Test Results         |
|-----------------------|---------|----------------------|
| Brandt Organics 5% Cu |         |                      |
| <b><u>Acute</u></b>   |         |                      |
| <b>Oral</b>           |         |                      |
| LD50                  | Rat     | 4789 mg/kg estimated |

| Components                                   | Species | Test Results |
|--|---------|--------------|
| Cupric Sulfate, pentahydrate (CAS 7758-99-8) |         |              |
| <b>Acute</b>                                 |         |              |
| <b>Oral</b>                                  |         |              |
| LD100  | Mouse   | 50 mg/kg     |
| LD50   | Rat     | 960 mg/kg    |

\* Estimates for product may be based on additional component data not shown.

|   |  |
|---|--|
| <b>Skin corrosion/irritation</b>                                      | Causes skin irritation.  |
| <b>Serious eye damage/eye irritation</b>                              | Causes serious eye irritation.   |
| <b>Respiratory or skin sensitization</b>                              |  |
| <b>Respiratory sensitization</b>                                      | Not available.   |
| <b>Skin sensitization</b>   | This product is not expected to cause skin sensitization.  |
| <b>Germ cell mutagenicity</b>   | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. |
| <b>Carcinogenicity</b>  | This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.                                  |
| <b>IARC Monographs. Overall Evaluation of Carcinogenicity</b>         |  |
| Not listed.   |  |
| <b>OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)</b> |  |
| Not regulated.  |  |
| <b>US. National Toxicology Program (NTP) Report on Carcinogens</b>    |  |
| Not listed.   |  |
| <b>Reproductive toxicity</b>  | This product is not expected to cause reproductive or developmental effects.                                     |
| <b>Specific target organ toxicity - single exposure</b>               | Not classified.  |
| <b>Specific target organ toxicity - repeated exposure</b>             | Not classified.  |
| <b>Aspiration hazard</b>  | Not available.   |
| <b>Chronic effects</b>  | Prolonged inhalation may be harmful.   |

## 12. Ecological information

**Ecotoxicity** Toxic to aquatic life with long lasting effects.

| Product                                      | Species                             | Test Results                    |
|--|-------------------------------------|---------------------------------|
| Brandt Organics 5% Cu                        |                                     |                                 |
| <b>Aquatic</b>                               |                                     |                                 |
| Crustacea                                    | EC50 Daphnia                        | 39.521 mg/l, 48 hours estimated |
| Fish   | LC50 Fish                           | 3.3 mg/l, 96 hours estimated    |
| Components                                   | Species                             | Test Results                    |
| Cupric Sulfate, pentahydrate (CAS 7758-99-8) |                                     |                                 |
| <b>Aquatic</b>                               |                                     |                                 |
| Crustacea                                    | EC50 Water flea (Daphnia magna)     | 0.0058 - 0.0073 mg/l, 48 hours  |
| Fish   | LC50 Bluegill (Lepomis macrochirus) | 0.66 - 1.15 mg/l, 96 hours      |

\* Estimates for product may be based on additional component data not shown.

|                                      |   |
|--------------------------------------|---|
| <b>Persistence and degradability</b> | No data is available on the degradability of this product.  |
| <b>Bioaccumulative potential</b>     | Not available.  |
| <b>Mobility in soil</b>              | No data available.  |
| <b>Other adverse effects</b>         | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component. |

### 13. Disposal considerations

|  |  |
|--|--|
| <b>Disposal instructions</b>                 | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local/regional/national/international regulations. |
| <b>Local disposal regulations</b>            | Dispose in accordance with all applicable regulations.   |
| <b>Hazardous waste code</b>                  | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |
| <b>Waste from residues / unused products</b> | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).   |
| <b>Contaminated packaging</b>                | Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.   |

### 14. Transport information

|  |   |
|--|---|
| <b>DOT</b>   |   |
| <b>UN number</b>   | UN3082  |
| <b>UN proper shipping name</b>   | Environmentally hazardous substances, liquid, n.o.s. (Cupric Sulfate, pentahydrate RQ = 50 LBS), MARINE POLLUTANT |
| <b>Transport hazard class(es)</b>  |   |
| <b>Class</b>   | 9   |
| <b>Subsidiary risk</b>   | -   |
| <b>Label(s)</b>  | 9   |
| <b>Packing group</b>   | III   |
| <b>Environmental hazards</b>   |   |
| <b>Marine pollutant</b>  | Yes   |
| <b>Special precautions for user</b>  | Read safety instructions, SDS and emergency procedures before handling.   |
| <b>Special provisions</b>  | 8, 146, 335, IB3, T4, TP1, TP29   |
| <b>Packaging exceptions</b>  | 155   |
| <b>Packaging non bulk</b>  | 203   |
| <b>Packaging bulk</b>  | 241   |
| Not DOT regulated in domestic (USA ground) transportation in package sizes less than 50 lbs (5.1 gallons); 22.7 kg (19.3 liters). The DOT transportation information above is for shipments with package sizes equal to or exceeding this value. |   |

DOT Shipping Notes: 40 CFR 172.504(f)(9) For Class 9, a CLASS 9 placard is not required for domestic (USA ground) transportation, however shipments with packaging exceeding the Reportable Quantity (RQ) or bulk packaging must be marked with the appropriate identification number on a CLASS 9 placard, an orange panel, or a white square-on-point display configuration as required. Since the Class 9 placard is not required (although it may be used) the hazardous material endorsement is also not required on a Commercial Drivers License.

#### IATA

|                                     |  |
|-------------------------------------|--|
| <b>UN number</b>                    | UN3082   |

**Special precautions for user** Read safety instructions, SDS and emergency procedures before handling.

DOT; IATA; IMDG

Marine pollutant

General information

Not DOT regulated in domestic (USA ground) transportation in package sizes less than 50 lbs (5.1 gallons); 22.7 kg (19.3 liters). The DOT transportation information above is for shipments with package sizes equal to or exceeding this value.

## 15. Regulatory information

**US federal regulations**

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.  
 All components are on the U.S. EPA TSCA Inventory List.  
 This product is not known to be a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

**TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)**

Not regulated.

**CERCLA Hazardous Substance List (40 CFR 302.4)**

Not listed.

**SARA 304 Emergency release notification**

Not regulated.

**OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)**

Not regulated.

**Superfund Amendments and Reauthorization Act of 1986 (SARA)**

**Hazard categories**

Immediate Hazard - Yes  
 Delayed Hazard - Yes  
 Fire Hazard - No  
 Pressure Hazard - No  
 Reactivity Hazard - No

**SARA 302 Extremely hazardous substance**

Not listed.

**SARA 311/312 Hazardous chemical** No

**SARA 313 (TRI reporting)**

| Chemical name                | CAS number | % by wt. |
|------------------------------|------------|----------|
| Cupric Sulfate, pentahydrate | 7758-99-8  | 20       |

## Other federal regulations

### Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

### Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

### Safe Drinking Water Act (SDWA)

Not regulated.

## US state regulations

### US. California Controlled Substances. CA Department of Justice (California Health and Safety Code Section 11100)

Not listed.

### US. Massachusetts RTK - Substance List

Cupric Sulfate, pentahydrate (CAS 7758-99-8)

### US. New Jersey Worker and Community Right-to-Know Act

Cupric Sulfate, pentahydrate (CAS 7758-99-8)

### US. Pennsylvania Worker and Community Right-to-Know Law

Cupric Sulfate, pentahydrate (CAS 7758-99-8)

### US. Rhode Island RTK

Not regulated.

### US. California Proposition 65

WARNING: This product can expose you to chemicals including arsenic, cadmium, and lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

## International Inventories

| Country(s) or region        | Inventory name   | On inventory (yes/no)* |
|-----------------------------|--|------------------------|
| Australia                   | Australian Inventory of Chemical Substances (AICS)                     | Yes                    |
| Canada                      | Domestic Substances List (DSL)   | Yes                    |
| Canada                      | Non-Domestic Substances List (NDSL)                                    | No                     |
| China                       | Inventory of Existing Chemical Substances in China (IECSC)             | Yes                    |
| Europe                      | European Inventory of Existing Commercial Chemical Substances (EINECS) | No                     |
| Europe                      | European List of Notified Chemical Substances (ELINCS)                 | No                     |
| Japan                       | Inventory of Existing and New Chemical Substances (ENCS)               | Yes                    |
| Korea                       | Existing Chemicals List (ECL)  | Yes                    |
| New Zealand                 | New Zealand Inventory  | Yes                    |
| Philippines                 | Philippine Inventory of Chemicals and Chemical Substances (PICCS)      | Yes                    |
| United States & Puerto Rico | Toxic Substances Control Act (TSCA) Inventory                          | Yes                    |

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).
