GENERAL INFORMATION

Tricard 14-0-7 is designed to be used in a multiple application spray program to provide key plant nutrients required for optimal yield and quality.

DIRECTIONS FOR USE

Apply **Tricard 14-0-7** to the soil or directly to foliage. Applications may be made by ground equipment or air. Foliar applications are recommended for the most rapid response. Use sufficient water to provide thorough coverage. For best results use a non-ionic surfactant.

Mixing Instructions: A jar test should be used to check compatibility of products tank-mixed with **Tricard 14-0-7**. **Tricard 14-0-7** should be mixed with the spray water prior to adding other products.

RECOMMENDED RATES

Suggested use rate: 1-2 gallons per acre. However, actual rates and frequency of applications should be based on soil and tissue analysis and existing environmental factors. Consult your local Triangle or Cardinal sales representative or agricultural extension agent for specific recommendations.

WHAT TO DO IN CASE OF CONTACT

If Ingested: If conscious, give large amounts of water or milk. Contact a physician immediately.

Eye Contact: Flush eyes with clean water for 15 minutes. Seek medical attention immediately.

Skin Contact: Remove contaminated clothing and wash skin with soap and water. Seek medical attention if irritation develops.

If Inhaled: Move to fresh air and seek medical attention if irritation develops.

For additional information call CHEMTREC - 800-424-9300

If there is contact made with spray solution containing pesticide and/or spray adjuvant, follow the "Statement of Practical Treatment" on the product labeling.

This product may be corrosive to aluminum, mild steel and brass. Store in HDPE, fiberglass, or stainless steel containers. Use only stainless steel, P.V.C., or polypropylene fittings.

Storage: Store in cool place in original container in a locked storage area inaccessible to children, pets, domestic animals and wildlife.

Container Disposal: Do not reuse empty containers. Triple rinse (or equivalent) then offer for recycling or disposal by procedures approved by state or local authorities.

CONDITIONS OF SALE – Limited Warranty and Limitations of Liability and Remedies

The directions on this product's label are believed to be reliable and should be followed carefully. Insufficient activity and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions, the failure to follow the label directions or good application practice, all beyond the control of Triangle Chemical/Cardinal Chemical (The "Companies") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Companies warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Companies. The Companies makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Companies for any cause of action relating to the handling or use of this product is a claim for damage and in no event shall damage or any other recovery of any kind against the Companies exceed the price of the product which causes the allege loss, damage, injury, or other claim. The Companies shall not be liable and any and all claims against the Companies are waived for special, indirect, incidental, or consequential damages or expenses of any nature, including, but not limited to, loss of profits or income. The Companies and the seller offer these products and the buyer and user accept if, subject to the foregoing conditions of sale and limitation or warranty, liability, and remedies.
