

FIFRA Sec. 2(ee) Recommendation

Sercadis[®]

Xemium[®] Brand Fungicide

Reduced use rate for disease control in apples grown in Connecticut, Delaware, Illinois, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia and Wisconsin.

This Technical Information Bulletin expires on December 31, 2020.

EPA Reg. No. 7969-309

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

All applicable directions, restrictions, precautions, and Conditions of Sale and Warranty on the EPA registered label are to be followed. Refer to Sercadis[®] Xemium[®] Brand Fungicide labeling for additional instructions. Always read and follow label directions.

Information contained in this Technical Information Bulletin is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

Directions For Use

Use 3.5 fl ozs per acre for control of apple scab (*Venturia inaequalis*) and powdery mildew (*Podosphaera leucotricha*).
