#### 4. First aid measures

##### 4.1. Description of first aid measures

<b>General</b>	In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
<b>Inhalation</b>	Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention.
<b>Eyes</b>	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention.
<b>Skin</b>	Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser. If skin irritation occurs, get medical advice/attention.
<b>Ingestion</b>	Never give anything by mouth to an unconscious person. Rinse mouth with water. Call a physician or Poison Control Center immediately.

##### 4.2. Most important symptoms and effects, both acute and delayed

Direct contact with eyes may cause temporary irritation.

##### 4.3 Indication of immediate medical attention and special treatment needed

Treat symptomatically.

#### 5. Fire-fighting measures

##### 5.1 Extinguishing media

###### Suitable extinguishing media:

Water fog. Foam. Dry chemical powder. Carbon dioxide (CO<sub>2</sub>).

###### Unsuitable extinguishing media:

Do not use water jet as an extinguisher, as this will spread the fire.

##### 5.2 Specific hazards arising from the substance or mixture

During fire, gases hazardous to health may be formed.

##### 5.3 Advice for fire-fighters

###### Firefighting instructions:

Move containers from fire area if you can do so without risk.

###### Protection during firefighting:

Wear self-contained breathing apparatus and full protective clothing.

#### 6. Accidental release measures

##### 6.1. Personal precautions, protective equipment and emergency procedures

Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.

##### 6.2. Environmental precautions

Avoid discharge into drains, water courses or onto the ground.

##### 6.3. Methods and material for containment and cleaning up

Large spills: Dike the spilled material where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.

## Safety Data Sheet ChelStar Liquid 6.5% Zn

Small spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Never return spills in original containers for re-use. For waste disposal, see section 13 of the SDS.

### 7. Handling and storage

#### 7.1. Precautions for safe handling

Observe good industrial hygiene practices.

#### 7.2. Conditions for safe storage, including any incompatibilities

Store in original container only. Keep container tightly closed. Store away from incompatible materials (see Section 10 of the SDS).

### 8. Exposure controls and personal protection

#### 8.1. Control parameters

**Occupational exposure limits:** No exposure limits noted for ingredient(s).

#### 8.2. Appropriate engineering control

Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

#### 8.3 Individual protection measures, such as personal protective equipment

Eye/face protection: Safety glasses with side shields are recommended.

Skin protection:

Hand protection: For prolonged or repeated skin contact use suitable protective gloves.

Other: Wear suitable protective clothing.

Respiratory protection: In case of insufficient ventilation, wear suitable respiratory equipment.

Thermal hazards: Wear appropriate thermal protective clothing, when necessary.

Hygiene measures: Always observe good personal hygiene practices. Wash hands after handling the material and before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.
