MANGANESE COMBO™

GUARANTEED ANALYSIS

Copper (Cu)	0.4%
0.4% Chelated Copper (Cu)	
Magnesium (Mg)	1.2%
1.2% Chelated Magnesium (Mg)	
Manganese (Mn)	5.0%
5.0% Chelated Manganese (Mn)	
Zinc (Zn)	1.0%
1.0% Chelated Zinc (Zn)	

Derived from: Copper, Magnesium, Manganese and Zinc Glucoheptonates. **F 1194**

Hazard Statement Harmful in contact with skin. Causes skin irritation. Causes eye irritation. Harmful if inhaled. Harmful to aquatic life. Harmful to aquatic life with long lasting effects.

Precautionary Statement

Prevention: Avoid breathing vapors. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Wear protective clothing.
Response: If on skin: Wash with plenty of water. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center if you feel unwell. If skin irritation occurs: Get medical advice. If eye irritation persists: Get medical attention. Take off contaminated clothing and wash before reuse.

Storage: Store away from incompatible materials. Products should be stored above 12.8°C (55°F). Storage of bulk products is best suited for original manufacturing containers. If required, storage in a polypropylene storage tank with polypropylene fittings is recommended. Metal storage tanks and fittings are not recommended for long term.

Disposal: Dispose of container in accordance with local regulations.

DIRECTIONS FOR USE and FOLIAR APPLICATION RATES

Grigg Brothers non-ionic, organic surfactant **Intake®** or **Ultraplex®** is recommended for all foliar applications to decrease drop size and enhance wetting of entire surface.

IMPORTANT: For best results apply as a foliar spray early in the morning or late evening. Allow to dry on plant before watering.

Grigg Brothers® Chelates are especially designed to mix with phosphate fertilizers. With severe deficiency use the highest rate of application.

TURF GRASS: Apply 1-3 fl. oz. per 1000 sq. ft. Repeat as needed.

COOL SEASON: Apply 1-3 fl. oz. per 1000 sq. ft. Repeat as needed.

WARM SEASON: Apply 3-6 fl. oz. per 1000 sq. ft. Repeat as needed.

Foliar fertilizer is intended as a supplement to a regular fertilization program and may not by itself, provide all the nutrient normally required by plants.
