

CROSSFIRE

LOW FOAM - CROP OIL CONCENTRATE

ACTIVE INGREDIENTS: (BY WEIGHT)

Paraffin Base Petroleum Oil	83%
Polyol Fatty Acid Esters, Polyethoxylated Derivatives Thereof.....	17%
TOTAL	100%

All ingredients are exempt from tolerance requirements under 40 CFR 180.1001.

KEEP OUT OF REACH OF CHILDREN

CAUTION

Read label before use. Keep container tightly closed. Keep only in original container. Do not eat, drink or smoke when using this product. Avoid breathing spray. Wash hands thoroughly after handling. Wear protective gloves, protective clothing, and eye protection.

NET CONTENTS: 2 x 2.5 U.S. Gallons (2 x 9.46 L)

SEE BACK OF CONTAINER FOR STATEMENT OF FIRST AID AND GENERAL INFORMATION

NET CONTENTS: 2.5 U.S. Gallons (9.46 L)

Manufactured For:
TRIANGLE CHEMICAL COMPANY
117 Preston Ct., Macon, GA 31210
478-743-1548

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

CROSSFIRE is a nonionic blend of surfactants and highly refined phytybland paraffin oil. It is designed for use with a broad range of pesticides where an oil concentrate adjuvant is recommended. **CROSSFIRE** increases contact activity and penetration of the spray while also providing uniform coverage on leaf surfaces.

Always follow herbicide label recommendations.

RECOMMENDED RATES

Ground, Aerial, Low volume, CDA: Use 4-8 pints per 100 gallons water or .50-1.00% v/v concentration.

With Atrazine and Aatrex, use 1 quart to the acre with desirable amount of water.

MIXING

To prepare for pesticide application fill spray tank one-half full with water and begin agitation. Add pesticide or fertilizer

as recommended and then add **CROSSFIRE** while continuing agitation. Continue to agitate until tank is full and agitate before and during each application.

NOTE: The effect of any adjuvant on a chemical's performance is not predictable under all conditions of weather, plant vigor, application methods and even water types. The user should consult his local agricultural extension agent or make his own tests to determine the optimum level of **CROSSFIRE** for special pesticide spray and crop.

STORAGE and DISPOSAL

STORAGE: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) container adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations.

WARRANTY: Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk or any such use.
