Derived from boric acid, cobalt sulfate, copper sulfate, ferrous chloride, manganese oxide, nickel sulfate and zinc oxide.

CAUTION

Keep out of Reach of Children • May Cause Eye Irritation

USER SAFETY RECOMMENDATIONS

Avoid contact with skin, eyes or clothing. Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove wet clothing immediately. Wash skin thoroughly and put on clean clothing.

FIRST AID

Call a poison control center or doctor for treatment advice. Have product container or label with you when calling a poison control center, or doctor, or going for treatment. If in eyes: Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. If on skin: Take off contaminated clothing and rinse skin immediately with plenty of water for 15 to 20 minutes.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water.

WARNING: This product contains boron at a level that may be detrimental to growing plants. When using Energy Power on your crop, additional supplemental application of boron should not be made unless soil or plant tissue analysis necessitates. Use of Energy Power on crops other than those recommended on this label may result in injury to those crops. Contact your local agricultural authority for information regarding known crop sensitivity or tolerance to boron.

STORAGE AND DISPOSAL

Store this product out of direct sunlight, in a cool place above 40°F. Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container. Dispose of empty container in a sanitary landfill or, if allowed by state and local authorities by burning. If burned, stay out of smoke.

□ 2.5 gal. (22.625 lb) □ 55 gal. (497.75 lb) □ 10 liter (10.8 kg) □ 208 liter (224.64 kg)
□ 5.0 gal. (45.25 lb) □ 275 gal. (2488.75 lb) □ 20 liter (21.6 kg) □ 1040 liter (1123.2 kg)

ENERGY POWER™

F001601

Z-ENERGY P

Manufactured by Stoller Enterprises, Inc.

4001 W. Sam Houston Parkway North, Suite 100 | Houston Texas 77043 USA

Phone: 1-800-539-5283 or 713-461-1493 | Fax: 713-461-4467

COMPATIBILITY: Energy Power is tank-mix compatible with most pesticides and fertilizers. Do not mix with water-soluble packets. Packet material may react with boron to form a precipitate that can plug application equipment. Add Energy Power to the diluted solution last. Always conduct a jar test for new or untried tank-mix combinations.

GENERAL INFORMATION

Energy Power is a proprietary chelated formulation of six different divalent metals. These metals maintain and store energy in every plant cell. Energy Power comes complete with signal molecules that enables each plant cell to maximize these energy sources and convert them into yield. Use Energy Power during bud and flower formation to increase plant vigor and resulting tolerance to disease, insect and other stresses. Use Energy Power during environmental periods when additional energy is required to maximize photosynthesis and the sugars that it creates. Use Energy Power during reproductive stages of growth, when the plants need maximum energy to make, transfer, and absorb sugars from the mother into the developing seed, fruit, or storage tissue.

DIRECTIONS FOR USE

It may be in violation of state law to use this product inconsistent with its labeling; always read and follow the label when using this product.

Apply Energy Power in-furrow, in the transplant water, as a side-dress or foliar application, and through flood, drip, overhead, pivot and micro irrigation systems. Apply the recommended amount in a volume sufficient to provide uniform coverage. Do not apply Energy Power more than 5 times per growing season.

RECOMMENDED USES

Apply Energy Power to the soil at 2 to 8 ounces per acre or the crop foliage at 1 to 2 pints per acre every 7 to 10 days during the maximum fruit-filling period on the following **Field Crops:** alfalfa, asparagus, bean crops, canola, clover, corn, cotton, cruciferous crops, cucurbits, milo, melons, onion/garlic, peanut, pepper, potato, rape (canola), rice, soybean, sugar beet, sugarcane, sunflower, tobacco, tomato, vegetable crops, wheat/barley/oat; or **Fruit and Nut Crops:** almond, apple, apricot, avocado, banana, berry crops, cherry, citrus, coffee, fig, filbert, grapes, hazelnut, oil palm, olive, persimmon, peach, pear, pecan, pistachio, plums/prunes, pomegranate, strawberry and walnut.

RECOVERY FROM INSECT, DISEASE AND OTHER STRESSES: Apply Energy Power at 1 to 2 pints per acre immediately preceding the possibility of stress events and continue every 14 days until pressure subsides.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals>.

Notice: The information contained herein is true and accurate to the best of our knowledge and belief, but is presented without guarantee since field conditions and use are beyond our control. Neither the manufacturer nor the seller make any warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use of this material when such use is contrary to label instruction. Read and follow the label directions carefully. **CONDITIONS OF SALE:** 1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one, other than an officer of Seller, is authorized to make any warranty, guarantee of direction concerning this product. 2. Because of time, place, rate of application and other conditions of use are beyond sellers control. Sellers liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price.
