

820

STICKER - SPREADER

PRINCIPAL FUNCTIONING AGENTS

Alkyl Polyethoxy Alkylene Esters and other Derivatives	80.0%
Inert Ingredients	20.0%
TOTAL	100.0%

CAUTION KEEP OUT OF REACH OF CHILDREN

GENERAL INFORMATION

AP 820 is a superior non-ionic, low-foam surfactant. It acts as a spreader and an activator when used with insecticides, herbicides and fungicides. It is designed for quick wetting, more uniform droplet distribution and increased spray retention on leaf and stem surfaces.

DIRECTIONS FOR USE

Use 2 to 4 pints per 100 gallons of water.

Aerial Application: When applying aerially, follow chemical label directions including a minimum water volume per acre. Do not substitute **AP 820** for water required by the chemical label.

MIXING INSTRUCTIONS

Carefully read and follow directions on the label of the chemical with which **AP 820** is to be used. For local recommendations, consult a competent agricultural authority or mix in this order:

1. Dry flowable chemicals
2. Wettable powder chemicals
3. Flowable chemicals
4. Water-soluble chemicals
5. Emulsifiable concentrate chemicals
6. Add **AP 820** and continue agitation

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame. Use adequate ventilation when handling.

STORAGE AND DISPOSAL

Store in cool, dry place. Store in original container. Keep container tightly closed. Do not reuse empty container. Triple rinse, then offer for recycling or for disposal in a sanitary landfill, or by other means in accordance with local, state and federal regulations.

CAUTION

STOP-READ LABEL BEFORE USING. Harmful if swallowed. If ingested, induce vomiting and call a physician at once. May cause eye irritation. Avoid contact with eyes. In case of contact, flush eyes with water for at least 15 minutes and seek medical attention. Avoid contact with skin. Wash hands after using. Avoid breathing spray mist. Do not store near feed or food products. Keep children and domestic animals off treated areas until this material has been washed into the soil.

NOTICE

Manufacturer warrants that AP 820 conforms to its chemical description and will perform as stated on the label when used according to directions and under normal conditions. Neither this warranty or any other warranty of merchantability, expressed or implied, extends to the use of this product contrary to label directions. Buyer assumes all risk if AP 820 is used in any manner or under any condition other than those specifically set forth on the label.
