EPA Reg. No.66330-383**

This recommendation is made as permitted by Section 2(ee) of FIFRA and has not been submitted to or approved by the U. S. Environmental Protection Agency

FOR DISTRIBUTION ONLY IN STATES OF: ND, SD, MT, MN

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read and follow all applicable directions for use, precautions and limitations on the product label attached to the container for **EVITO T Fungicide**. Also observe all directions, precautions and limitations on the labeling of all other products mentioned below. This recommendation must be in the possession of the user at the time of application.

Tank mix recommendation for (EPA Reg. No. 66330-383).

Evito T Fungicide can be tank mixed with the following herbicide products in wheat:

Everest 2.0

WideMatch

Audit, Affinity Tankmix, Affinity Broadspec, or other ALS inhibiting herbicides.

2,4-D Amine or Ester

MCPA Amine or Ester

Do Not tank mix Evito T Fungicide with Huskie, Huskie Complete, Axial XL, or any bromoxynil based product or crop injury could occur.

If using EVITO T Fungicide in a tank mixture, observe all directions for use, sites, use rates, dilution ratios, precautions, and limitations, which appear on the tank mix partner labels. No label dosage rate may be exceeded, and the most restrictive label precautions and limitations must be followed. This product must not be mixed with any product that prohibits such mixing. Tank mixtures or application of other products referenced on this label are permitted only in those states in which the referenced products are registered.

Follow the tank-mix partner label with respect to adjuvant use.
