

QMIN™ HeptaBoost™

GENERAL INFORMATION

QMIN™ HeptaBoost is designed for foliar and soil application to crops with secondary and micronutrient deficiencies. **QMIN™ HeptaBoost** is water dispersible and safe to foliage when applied according to Directions For Use. **QMIN™ HeptaBoost** is formed by combining specialized carbohydrates called polysaccharides with functionalized mineral sources.

DIRECTIONS FOR USE

SHAKE WELL BEFORE USING

FOLIAR APPLICATION RECOMMENDATIONS:

TREES, VINES, VEGETABLE, FRUIT, BERRIES AND FIELD CROPS: Apply **QMIN™ HeptaBoost** at 1-8 pints per acre (1.17-9.34 L/ha) in sufficient spray volume for thorough coverage (25 gallon (95 L) minimum) as needed.

SOIL APPLICATION RECOMMENDATIONS:

TREES, VINES, VEGETABLE, FRUIT, BERRIES AND FIELD CROPS: **QMIN™ HeptaBoost** is recommended for use on all soil types at a rate of 1 quart to 2 gallons per acre (2.34-18.71 L/ha) depending on soil conditions and application methods. It should be diluted before use to ensure uniform coverage. Dilution may be made in water, compatible fertilizer solutions, or with compatible pesticides (use jar test to determine compatibility). Soil applications may be made by drip irrigation.

AERIAL APPLICATION RECOMMENDATIONS:

TREES, VINES, VEGETABLE, FRUIT, BERRIES AND FIELD CROPS: Apply **QMIN™ HeptaBoost** at 1-2 pints per acre (1.17-2.34 L/ha) in sufficient spray volume for thorough coverage (10 gallon (38 L) minimum) as needed.

READ ENTIRE CONTAINER LABEL BEFORE USING THIS PRODUCT

WARNING: QMIN™ HeptaBoost contains molybdenum (Mo). Application of fertilizing materials containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals.

Derived from: Magnesium Sulfate, Copper Polysaccharide, Iron Polysaccharide, Manganese Polysaccharide, Sodium Molybdate, and Zinc Polysaccharide

COMPATIBILITY

QMIN™ HeptaBoost liquid is compatible with most fungicides, insecticides and herbicides. QMIN™ HeptaBoost liquid is acidic; some physical and/or chemical compatibility problems can occur in high pH formulations. Always check compatibility with other products prior to use.

WARRANTY AND LIMITATIONS

QualiTech, Inc. warrants that this material conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the crop recommendations and the directions for use, and when this material is used in strict accordance with those recommendations and directions under normal conditions of use. QualiTech, Inc. makes no other express or implied warranties or representations, including any other express or implied warranty of fitness or merchantability. No employee or representative of QualiTech, Inc., or its distributors is authorized to do so, unless such change is made in writing with a specific reference to this warranty, and signed by an Officer of QualiTech, Inc. at its Home Office. Such warranty shall be limited to direct damages, and shall not include any consequential personal or commercial damages.
