

FOUNDATION

Liquid Mineral Complex For Soil

DESCRIPTION

FOUNDATION is a liquid mineral complex to supply the soil with the necessary building blocks to sustain a dynamic microbial population and enhance your soil fertility program. Liquid microbial food that stimulates rooting, increases plant vigor, and enhances microbial activity and diversity in the soil. May be tank mixed with fertilizer or injected into irrigation water.

APPLICATION

SOIL: Use 10 gallons per acre of **FOUNDATION** two times per year beginning in the spring. **TURF:** Apply 1 quart of **FOUNDATION** per 1000 square feet. Best if injected into irrigation water and applied directly to the root zone. **HOME AND GARDEN:** Use 1 to 2 ounces per gallon of water.

COMPATIBILITY

FOUNDATION is compatible with most fertilizers, but the benefits of **FOUNDATION** will be reduced when applied during the use of strong chemicals.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly reseal after opening to preserve shelf life.

CAUTION

Product is safe and nontoxic when used as directed. Keep out of reach of children and pets! Do not inhale or ingest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.

GUARANTEED ANALYSIS

Total Nitrogen (N).....	1.0%
Available Phosphoric Acid (P ₂ O ₅).....	0.5%
Soluble Potash (K ₂ O).....	0.8%

PRIMARY PLANT FOOD INGREDIENTS:

Manure Extracts, Fish and Protein Concentrates, Plant Extracts, Humates.

NON PLANT FOOD INGREDIENTS:

Bacillus bacteria and enzymes.
