

LEONARDITE

65% - 75%
DRY GRANULAR
HUMIC ACID

DESCRIPTION

LEONARDITE is a commercial fertilizer which contains humic acid. Leonardite results from the decomposition and compression of organic plant materials. Humic acid may aid in uptake of micro nutrients.

COMPATIBILITY

LEONARDITE is compatible with most fertilizers, but the benefits of **LEONARDITE** will be reduced when applied during the use of strong chemicals.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly re-seal after opening to preserve shelf life.

CAUTION

Product is safe and non-toxic when used as directed. Keep out of reach of children and pets! Do not inhale or digest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

APPLICATION

FERTILIZER ADDITIVE: Blend Leonardite into fertilizer at a rate that will deliver 300 - 500 lbs. of Leonardite per acre. **BED PREPARATION:** Apply band of Leonardite the width of the bed at a rate of 150 - 300 lbs. per acre. **NURSERY POTTING SOILS; SOILLESS MEDIA:** Incorporate 1/4 lbs of Leonardite per 4 cubic feet bag or 6.75 lbs per cubic yard of soilless media or nursery potting soil. **GROUND PREPARATION FOR SOD, LAWNS, GOLF COURSES AND RECREATIONAL TURF:** Incorporate 20 lbs. of Leonardite per 1000 square feet to a depth of 6 inches or incorporate 15 lbs. of Leonardite per cubic yard of greens and tees top soil and spread to a depth of 4 - 6 inches. **TOP DRESSING FOR GOLF GREENS AND TEES:** Blend Leonardite to top dressing at a rate to deliver 7 - 9 lbs per 1000 square feet. **TREE PLANTING (CITRUS):** At time of planting, incorporate 1/4 lb. per acre per tree into the backfill. **FOR CITRUS TREES SHOWING BLIGHT SYMPTOMS:** Apply Leonardite to the soil in the root area at the rate of 1 lb per tree. For best results, apply calcium nitrate along with Leonardite at the rate of 11 lbs per tree.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.
