Micro-Mix D.L.®

Information regarding the contents
and levels of metals in this product
is available on the internet at
<http://www.aapfco.org/metals.htm>.

Helping Nature WorkSM

Micro-Mix D.L. is designed for foliar use on all crops to prevent or correct micronutrient deficiencies. Proper nutrient management will help maximize crop quality and yield. Foliar fertilization is intended to supplement standard ground fertility programs and will not by itself provide all nutrients normally required by agricultural crops.

Directions for Commercial Use:

Foliar: Apply 1 to 4 quarts per acre with sufficient water for thorough coverage. For best results spray in early morning or late afternoon. Do not apply during the "sunlight" hours when air temperature is above 85°F. Ground: Apply 2 to 4 quarts per acre. Ground application can be via conventional ground sprayer or metered through irrigation. If you have any questions regarding mixing or application rates contact your Agro-K dealer before using this product.

Mixing: Micro-Mix D.L. may be mixed with most fertilizers, insecticides and/or fungicides. A compatibility check is recommended. Check with your field representative for specific recommendations.

SHAKE WELL BEFORE USE

Copper Sulfate, Ferrous Sulfate, Magnesium Carbonate,
Manganese Carbonate, Ammonium Molybdate, Zinc Carbonate

Warranty

1.-The manufacturer guarantees and warrants that the content and the total net weight are as stated within lawful limits.

2.-Liability of Agro-K Corporation under this warranty or otherwise shall be limited to refund of the purchase price and such refund is expressly agreed by the buyer to be the exclusive remedy.

Agro-K Corporation makes no other expressed or implied guarantee, warranty or representation, including warranties of merchantability and fitness for a purpose. Agro-K Corporation shall not be liable for direct consequential or incidental damages. No modifications of this warranty and the disclaimers herein are authorized or valid unless expressed in writing and signed by Agro-K Corporation.

WARNING

KEEP OUT OF REACH OF CHILDREN

The application of fertilizing materials containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals.
