DIRECTIONS FOR USE

1. PacRite Color Booster is recommended for use when processing rate falls below 600 boxes of fruit per hour.
2. Add PacRite Color Booster to the dye tank at the rate of 1 quart (1 liter) for each 500 gallons (1900 l) of dye solution per hour.
3. In operations that need Color Booster to maintain the solvent balance, a dose of 2 quarts per 500 gallons of solution is recommended at start-up any time the tank has been shut down for more than 18 hours.

IMPORTANT: Do not allow water to contaminate the contents of this container.

HANDLING: Wear goggles or face shield, protective gloves, and protective clothing when handling. Do not get in eyes, on skin, or on clothing. Do not inhale or swallow. Use ventilation adequate to keep exposures below recommended exposure limits. Keep closure up to prevent leakage. See MSDS for additional information.

KEEP CONTAINER AWAY FROM FLAMES, SPARKS, AND HEAT. Keep closure up to prevent leakage. Improper disposal or reuse of this container may be dangerous and illegal. Refer to applicable federal, state, and local regulations. Since emptied containers contain product residue, follow label warnings even after container is emptied.

LIMITED WARRANTY, TERMS OF SALE, AND LIMITATION OF LIABILITY

Upon purchase or use of this product, purchaser and user agree to the following terms:

Warranty: Pace International, LLC (the Company) warrants that this product conforms to the chemical description on the label in all material respects and is reasonably fit for the purpose referred to in the directions for use, subject to the exceptions noted below, which are beyond the Company's control. The Company makes no other representation or warranty, express or implied, concerning the product, including no implied warranty of merchantability or fitness for a particular purpose; no such warranty shall be implied by law, and no agent or representative is authorized to make any such warranty on the Company's behalf.

Terms of Sale: The Company's directions for use of this product should be followed carefully. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, and the manner of use or application (including failure to adhere to label directions), all of which are beyond the Company's control. All such risks are assumed by the user. Sale of this product is governed by the internal laws of the state of Washington; any action with respect to this product shall be brought exclusively in the state or federal courts located at Seattle, Washington U.S.A.

Limitation of Liability: The exclusive remedy against the Company for any cause of action relating to the handling or use of this product is a claim for damages, and in no event shall damages or any other recovery of any kind exceed the price of the product which caused the alleged loss, damage, injury or other claim. Under no circumstances shall the Company be liable for any special, indirect, incidental or consequential damages of any kind, including loss of profits or income, and any such claims are hereby waived.

The Company and the seller offer this product, and the purchaser and user accept this product, subject to the foregoing warranty, terms of sale and limitation of liability, which may be varied or modified only by an agreement in writing signed on behalf of the Company by an authorized representative.
