

CORE ZINC NITRATE

For correction or prevention of Zinc deficiency in agricultural crops, vegetable crops, turf, and ornamentals

General Information

Core Zinc Nitrate is a readily available form of zinc, specifically formulated for use to treat zinc deficiencies and disorders in vegetable crops, field crops, trees, vines, turf and ornamentals. CORE Zinc Nitrate used as a foliar spray along with a sound fertility program, assures that the nutritional demands of the plant are satisfied. Avoid application under extreme climatic conditions.

Directions for Use

CORE Zinc Nitrate is compatible with most pesticides, fungicides, and liquid fertilizer combinations, but NOT phosphate-containing fertilizers. Always conduct a jar test with new tank mixes to verify compatibility. When mixing with other materials, add ingredients in this order:

- 1) ½ water,
- 2) CORE Zinc Nitrate,
- 3) remainder of water,
- 4) other chemicals.

Agitate thoroughly until mixed. A non-ionic surfactant is recommended to be added in all situations to the spray solution to aid in surface coverage and leaf absorption. CORE Zinc Nitrate should be added to a minimum of 100 gallons of water/ac for dilute applications, and at least 20 gallons of water/acre for concentrate. For aerial application, a minimum of 5 gallons water/acre is required. For best results, apply when crops are actively growing and at multiple applications.

Recommended Rates

The optimum rate and timing of application will depend on local conditions and should always be made as a result of soil and/or plant tissue analysis in consultation with your local agricultural authorities. In the absence of test results, use the following as a guide:

Fruits and Nuts, mature	1-2 pt/acre in 100 gal water
Fruits and Nuts, young	1 qt/acre in 100 gal water
Field Crops	1 pt/acre in 100 gal water
Vegetable Crops	1/2 pt/acre in 100 gal water

Guaranteed Analysis

Total Nitrogen (N).....7.0%
7.0% Nitrate Nitrogen
Zinc (Zn).....17.0%

Derived from: Zinc Nitrate

Contains 2.2 lbs of zinc per gallon.

Corrosive, Inorganic, NOS, UN3264

STORAGE and DISPOSAL: Store product in the original package. Store in cool, dry facility away from oxidizing agent. Dispose of this container in an environmentally safe manner as recommended for your area. Do not contaminate water, food, or feed by storage or disposal.

WARNING: This product contains chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm.

KEEP OUT OF REACH OF CHILDREN.

Harmful if swallowed. Avoid contact with eyes, skin, and clothing. Avoid breathing spray mist. Refer to MSDS for health, safety and environmental information. If Ingested: Give large amounts of water or milk, if conscious. Contact a physician immediately. Eye Contact: Flush eyes with clean water for 15 minutes. Seek medical attention immediately. Skin Contact: Remove contaminated clothing and wash skin with soap and water. Seek medical attention if irritation develops or persists. If Inhaled: Move to fresh air and seek medical attention if irritation develops or persists. For additional information call **INFOTRAC 800-535-5053**

CAUTION

WARRANTY: CoreAgri warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
