

BIOMIN[®]

BOOSTER

Glycine Chelated Minerals for Soil and Foliar Application

DIRECTIONS

SHAKE WELL BEFORE USING

SOIL APPLICATION:

BIOMIN BOOSTER can be applied before or at planting through irrigation water, as banding or broadcast. The application rate is 1 quart to 1 gallon per acre (2.5 to 10 liters/hectare) depending on soil conditions and application methods. For maintenance, 1 quart per acre (2.5 liters/hectare) is recommended. **BIOMIN BOOSTER** should be diluted with enough water to cover the entire acre.

FOLIAR APPLICATION:

FIELD CROPS: Apply 16-32 oz. per acre (1.25 to 2.5 liters/hectare) of **BIOMIN BOOSTER** when crops are 15-30 cm (6-12 inches) high or when deficiency symptoms appear. Repeat application 2-4 weeks later if necessary.

FRUIT TREES AND GRAPES: Apply 16-32 oz. per acre (1.25 to 2.5 liters/hectare) of **BIOMIN BOOSTER** in early spring when new leaves are emerged or when deficiency symptoms appear. Repeat the application in about 4 weeks if necessary.

VEGETABLE CROPS: Apply 16-32 oz. per acre (1.25 to 2.5 liters/hectare) of **BIOMIN BOOSTER** at about 2-4 weeks after emergence or if deficiency symptoms appear. Repeat the application 1-3 weeks later. For best results, apply **BIOMIN BOOSTER** when the crop is in active growing stage, after irrigation or natural rain fall. For foliar application, it should be diluted with at least 20 times of water. **BIOMIN BOOSTER** will lower high pH of water and decrease the hydrolysis of most pesticides.

PRODUCT INFORMATION

BIOMIN BOOSTER contains minerals for soil and foliar application. It is completely available and non-phytoxic to plants when applied in accordance to directions. It is designed to prevent and correct mineral deficiency and to boost crops during critical stages or fast growing periods. It can be applied in combination with nitrogen fertilizer.

BIOMIN BOOSTER can be applied to FRUIT TREES, VEGETABLES, GRAPES, FIELD CROPS, and ORNAMENTAL GARDENS.

LIMITED WARRANTY

Manufacturer or seller makes no warranty, whether expressed or implied, concerning the use of this product other than for the purposes indicated on the label. Neither manufacturer or seller shall be liable for any injury or damage caused by this product due to misuse, mishandling, or any application not specifically described on the label.

Net Contents:

- 1 gallon (3.78 liters)
- 2 1/2 gallons (9.45 liters)
- 5 gallons (8.9 liters)
- 2 x 2 1/2 gallons (18.93 liters)
