

DIRECTIONS FOR USE

1 SCOOP = 4 OUNCES
10 POUNDS TREATS
APPROXIMATELY 40 ACRES

AGRICULTURE

Soil Applications

In-furrow apply 8 to 16 ozs/Acre (500-1,000 gms/H). Drip-irrigation apply 4 to 8 ozs/Acre (250-500 gms/H) of **GROW-PLEX SP™**. Dissolve in sufficient water (100 gallons) to provide uniform application and then add liquid fertilizer or other tank mix partners. See instructions on this label (Preparing Tank Mix Solutions). Apply banded, in-furrow, side-dressed, or through flood, furrow or drip irrigation.

Foliar Applications

Apply 2 to 4 ozs/Acre (125-250 gms/H) of **GROW-PLEX SP™** per application with fertilizer using sufficient water (100 gallons) for uniform coverage of the crop. See instructions on this label (Preparing Tank Mix Solutions).

STORAGE

This material is hygroscopic. Always replace the lid tightly after use. Store in a dry place in the original container.

25 LBS / 11.34 KG

PREPARING TANK MIX SOLUTIONS

Thoroughly clean all spray mixing and application equipment prior to and following each use.

Unless directed otherwise by mixing instructions on the label of product to be tank mixed with **GROW-PLEX SP™**, follow these procedures:

1. Add the desired amount of water to the tank and begin agitation. Add desired spray adjuvant (wetting agent) if the application requires it to be used. **GROW-PLEX SP™** will wet and disperse readily with-out an adjuvant.
2. Drip-irrigation add **GROW-PLEX SP™** at a rate of 4 to 8ozs/Acre (250 to 500 gms/Hectare). Foliar add **GROW-PLEX SP™** at a rate of 2 to 4 ozs/Acre (125 to 250 gms/Hectare).
3. Add liquid fertilizer. **Do not tank mix with herbicides. Do not mix GROW-PLEX SP™ directly with undiluted tank mix partners until you have "jar tested" in a separate container the proportionate amount of GROW-PLEX SP™ to make sure the products are compatible prior to tank mixing. Agitate and let stand 10 minutes. Settling that does not disperse indicates an incompatible mixture.**
4. Continue filling while agitating until all added products are thoroughly mixed into spray solution.

May be harmful if swallowed. May cause irritation of eyes, nose, throat, or skin. Avoid contact with eyes, skin or clothing. In case of contact with eyes, flush with plenty of water. Consult a physician if irritation persists. Notice: May cause staining on handlers apparel. Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with direction under normal conditions of use. Neither this warranty or any other warranty of merchantability or fitness for a particular use, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.
