

SPECIMEN LABEL

ADJUVANT FOR PESTICIDE AND NUTRITIONAL SPRAYS

ACTIVE INGREDIENTS:

Proprietary Blend of Polyethoxylated alkyl amines (C8 – C18), alkyl polyoxyethylene glycols, and organic acids.....90.00%

CONSTITUENTS INEFFECTIVE AS ADJUVANTS.....10.00%
TOTAL.....100.00%

All ingredients are exempt from the requirements of a tolerance as specified in CFR 40, 180.

Patent No. 6,831,038

KEEP OUT OF REACH OF CHILDREN

DANGER- PELIGRO

SN 0405/0206

NET CONTENTS: 1 Gallon (3.785 Liters)

CA. REG. NO.: 5905-50075-AA

2.5 Gallons (9.46 Liters)

30 Gallons (113.55 Liters)

55 Gallons (208.18 Liters)

250 Gallons (946.25 Liters)

MANUFACTURED FOR

HELENA CHEMICAL COMPANY

225 SCHILLING BOULEVARD, SUITE 300

COLLIERSVILLE, TN 38017

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.

Corrosive, causes eye damage and skin irritation. May cause allergic skin reactions.

Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if inhaled. Do not breathe vapors or spray mist.

Harmful if swallowed. Thoroughly wash exposed areas of skin after use.

FIRST AID

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF INHALED:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for further treatment advice.

IF SWALLOWED:

- Call a poison control center or doctor immediately for treatment advice.
- Have a person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious or convulsing person.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-424-9300 for emergency medical treatment information.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in original container only. Keep container tightly closed. Do not allow water to be introduced into the contents of this container. Do not store near heat or open flame. Do not store with oxidizing agents.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water sources by run off from cleaning of equipment, disposal of equipment washwater or spray waste.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, STAY OUT OF SMOKE.

GENERAL INFORMATION

OPTIMA® is a specialized formulation of surfactants and buffering agents which improves application while buffering the spray mix pH. **OPTIMA®** can positively affect both pesticide spray application and pesticide efficacy. **OPTIMA®** is designed primarily to be applied with herbicides which utilize glyphosate as the active ingredient. *However, it is also suitable and effective for most pesticides and nutritional products which can be used with wetter/spreader type adjuvants. Optimum application and consequent effects can be influenced by many factors. Therefore, it is recommended that careful observation of the spray deposit be made and the adjuvant rate be adjusted accordingly to ensure thorough coverage without undue runoff.

***Do not mix OPTIMA® with herbicide products that contain active ingredients based on DSMA or Sulfonyl-urea chemistry.**

DIRECTIONS FOR USE

FOR USE WITH HERBICIDES REGISTERED FOR : AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, ORNAMENTAL, RIGHTS-OF-WAY, TURF, NON-CROPLAND AND OTHER USES.

The addition of an adjuvant to some pesticides or pesticide tank mix combinations may cause phytotoxicity to the foliage and/or fruit of susceptible crops. Prior to the addition of **OPTIMA®** to spray tank mixes, the user or application advisor must have experience with the combination or must have conducted a phytotoxicity trial.

OPTIMA® may be applied by ground, cda, or aerial spray equipment. For most applications, use enough **OPTIMA®** to allow for uniform wetting and deposition of the spray onto leaf surfaces without undue runoff.

Ground, Aerial, CDA: Use 2-8 pints per 100 gallons of spray. For use with glyphosate or sulfosate type herbicides, use a minimum of 4 pints per 100 gallons.

Buffering: to obtain an initial buffering effect, use a minimum of 3 pints per 100 gallons of spray. Rates may be adjusted as water conditions vary. The use of a pH measuring device is recommended to determine a suitable **OPTIMA®** rate.

Do not add adjuvant at a level that would exceed 5% vv of the finished spray volume.

NOTE: The above use recommendations are considered to be adequate for most uses. Some herbicides, however, may require higher or lower rates for optimum effect. Follow the pesticide label directions when this occurs.

MIXING

Prior to any pesticide application all spray mixing and application equipment must be thoroughly cleaned. Carefully observe all cleaning directions on the pesticide label.

1. Fill spray tank one-half full with water and begin agitation.
2. Add pesticides and/or fertilizers as directed by label or in the following sequence:
 - A. Micronutrients and fertilizers
 - B. Dry flowables and water dispersible granules
 - C. Flowables
 - D. Water soluble pesticides
 - E. Emulsifiable concentrates

3. Continue agitation and complete filling of the spray tank.

4. Add **OPTIMA®** last and continue agitation.

Do not mix **OPTIMA®** with undiluted pesticides.

CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale - Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

The directions on this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are

Disclaimer: Always refer to the label **on the product** before using Helena or any other product.
