## ACCURACY

### DEPOSITION AID AND DRIFT RETARDANT FOR PESTICIDE SPRAYS

#### Principal Functioning Agent:

Polyvinyl Polymer (Polyacrylamide).....	30.00%
Inert Ingredients.....	70.00%
<b>TOTAL.....</b>	<b>100.00%</b>

#### SHAKE WELL BEFORE USING

KEEP OUT OF REACH OF CHILDREN

### CAUTION

May cause irritation to skin and eyes. If in contact, flush with plenty of water. See a doctor if irritation persists. Keep out of reach of children. Follow appropriate precautions on label of pesticide used.

See Inside Panel for Additional Precautionary Statements.

SN 031004

NET CONTENTS:

#### MANUFACTURED FOR

HELENA CHEMICAL COMPANY  
225 SCHILLING BOULEVARD, SUITE 300  
COLLIERVILLE, TN 38017

#### USE PRECAUTIONS:

The degree of drift hazard varies with the type of pesticide, application conditions, and vegetation near the sprayed area. Consult your local agricultural advisor. Remember, pesticide drift is no accident. Common sense and sound application technology must be followed when spraying pesticides. **ACCURACY** will retard, but not totally eliminate drift.

#### GENERAL INFORMATION

**ACCURACY** is an effective, easy-to-use adjuvant for deposition improvement and drift retardation in spraying operations. **ACCURACY** is compatible with most water soluble and wettable powder, pesticides, desiccants and cotton defoliant when applied by an aerial application or standard ground equipment.

**ACCURACY**, when used as directed in accordance with sound agricultural practices is in compliance with Federal Food and Drug Administration Regulations governing the cropland use of adjuvants and is exempt from tolerance requirements under Title 40, Code of Federal Regulations 180.1001(d).

#### DIRECTIONS FOR USE

**Important:** Keep container closed in storage and do not allow water to come in contact with contents until added to the spray solution. In case of contact with skin or eyes, flush immediately with plenty of water.

**Step 1.**Select correct dosage from chart below.

**Step 2.**Fill mix tank with water, pesticide and other additives and begin to agitate.

**Step 3.**SHAKE **ACCURACY** BOTTLE WELL

BEFORE USING.

**Step 4.**For best mixing results, inject **ACCURACY** liquid into the suction side of the feeder or recirculating pump to obtain adequate dispersion of the polymer throughout the pesticide solution, or slowly add **ACCURACY** liquid to the rapidly agitating tank mix in the area of highest turbulence by pouring a very thin stream.

**Step 5.**Continue to agitate mix tank for at least 2 minutes before spraying.

**Step 6.** Follow all cleanup precautions on label of pesticide used. Follow governmental procedures for disposal of pesticide spray solution.

#### DOSAGE CHART

##### ACCURACY

Spray Pressure	Nozzle Orientation	*Dosage
Aerial applied below 45 psi	straight back	6-12 oz.
	45° angle back	8-16 oz.
Ground Application		
low (below 30 psi)	Flat Fan, flooding	4-8 oz.
	Off-Center	6-10 oz.
medium (below 30-50 psi)	Flat Fan, flooding	6-8 oz.
	Off-Center	8-12 oz.
	Spray Guns	10-16 oz.
high (over 50 psi)	Spray Guns	16-64 oz.

\*gallons per 100 gallons of spray solution.

For home and garden sprayers, use approximately 1 Tablespoon **ACCURACY** per 5 gallons of spray solution.

#### CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale-Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full price will be refunded.

The directions on this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may

result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or the seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company's election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
