

BIOREPEL®

Natural Insect Repellent

Product Information

BIOREPEL is an all natural insect repellent made from pure garlic juice. When applied the strong garlic odor dissipates within a few minutes, but remains offensive to insect pests for days. BioRepel can be applied to all plants, trees, shrubs and crops to repel most insect pests. It is safe to use, handle, and store and has no plant toxicity and is non-toxic to humans and animals.

BIOREPEL can be used as repellent for soft-bodied flying insects such as Aphids, Jassid, Leaf Hoppers, white flies and thrips.

BIOREPEL is non-phytotoxic to plants and will leave no "after taste" on edible plant parts and fruit.

ACTIVE INGREDIENT

Garlic Oil.....10%

BIOREPEL KEEPS INSECTS AWAY FROM PLANTS, CROPS, TREES AND SHRUBS.

NET CONTENTS: 5 Gallons (18.92 liters)

Lot #:

Directions and General Recommendations

MIXING DIRECTIONS

Thoroughly mix 1 part of **BIOREPEL** with 100 parts of water. Agitate mixture before application.

APPLICATION

BIOREPEL works best for your plants before pests become a problem. Apply **BIOREPEL** at first sign of insect pest or before. Repeat application every 7 to 14 days as needed. For vegetables, spray several days before blooming. Do not apply during or preceding pollination. **BIOREPEL** works as a repellent to bees and other pollinators.

METHOD OF APPLICATION:

May be applied with air or ground equipment.

RATE: For ULV sprays use 1 gallon of **BIOREPEL** to treat up to 20 acres (8 hectares). For normal sprays, apply 1 part **BIOREPEL** to 100 parts of water to the point of runoff (which means 1 liter of **BIOREPEL** to 100 liters of water).

LIMITED WARRANTY

Manufacturer or seller makes no warranty, whether expressed or implied, concerning the use of this product other than for the purposes indicated on the label. Neither manufacturer nor seller shall be liable for any injury or damage caused by this product due to misuse, mishandling or any application not specifically described on the label.

PERSONAL PROTECTIVE WORK CLOTHING: Applicators and other handlers of this product must wear: Long sleeved shirt and pants, shoes and socks, protective eyewear and gloves.

AVOID CONTACT WITH EYES. IF IN EYES, FLUSH WITH PLENTY OF WATER.

STORAGE: Do not contaminate water, food or feed by storage. Store in a cool dry place.

BIOREPEL can be used on the following: Brassica Vegetables, Bulb Vegetables, Cereal Grains, Citrus, Cotton, Cucurbit Crops, Forage Crops, Fruiting Vegetables, Kiwi, Leafy Vegetables, Legume Vegetables, Nut Trees, Ornamentals, Peanuts, Pome Fruit Trees, Root and Tuber Vegetables, Small Fruits and Berries, and Stone Fruit Trees.
