GENERAL INFORMATION

RENOVA is a liquid foliar fertilizer specially formulated to improve the quality and vigor of turf and ornamentals. RENOVA contains selected amino acids and other natural plant compounds extracted from vegetal matrix by enzymatic hydrolysis. RENOVA is a concentrated solution containing highly soluble and mobile potassium and nitrogen. Applications of RENOVA have been shown to benefit plant growth and improve turf and ornamentals quality. RENOVA is intended to supplement standard fertility programs and is a readily available source of nitrogen and potassium.

CAUTION: PLEASE KEEP OUT OF REACH OF CHILDREN: Harmful if swallowed. Avoid breathing spray mist. May cause irritation of nose, throat or skin. Avoid contact with eyes, skin and clothing. In case of contact with skin or eyes, flush with plenty of water; for eyes get medical attention.

DIRECTIONS FOR USE

Timing and dosage for carrier action in tank mix		Timing and dosage against stress	
Application	Rate	Application	Rate
As needed	1.5 - 2.0 Oz/1000 sq ft	Weekly	2 - 4 Oz/1000 sq ft
		Bi-Weekly	5 - 6 Oz/1000 sq ft

RENOVA should be applied as a foliar spray and the turf irrigated for no more than 2 minutes (Syringing) in order to reduce evaporation of the spray droplets. Use a minimum of 25 gallons of water and a maximum of 100 gallons of water per acre.

RATES FOR FOLIAR APPLICATIONS ON OTHER PLANTS

Crop	Rate	1 st Application	Further Applications
Ornamentals	30 oz - 45 oz per 100 gallons or 35 oz - 45 oz per acre	Early spring	Every 14 - 21 days

Use a minimum of 50 gallons of water to the acre to a maximum of 150 gallons per acre.

CLEANING OF SPRAYER: Flush with clean water all parts of the sprayer including the pump, hoses, and nozzles several times prior to and after the use of this product.

DIRECTIONS FOR MIXING: RENOVA will disperse in water with little agitation. Any residue in pails is water-soluble. Triple rinse and add contents to the spray tank. Do not reuse container.

TANK MIXES: Renova can be tank mixed with pesticides, fertilizers or any other chemicals. It is advised to conduct a compatibility test.

CONDITION OF SALES: Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with direction under normal condition and use. No one other than an office of the seller is authorized to make any warranty, guaranty or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller control, the seller's liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price. It is impossible to eliminate all risks associated with the use of this product. Crop injury, lack of performance, all other unintended consequences may result because of such factors as use of the product contrary to label instruction, abnormal condition, presence of other material, the manner of application, or other factors, all of which are beyond the control of Nutrecology or the seller. All such risks shall be assumed by buyer.
