

Amaze Gold®

WATER CONDITIONING AGENT DEPOSITION AID

Principal Functioning Agents:

| | |
|---|-------------|
| Ammonium sulfate, polyacrylamide and dimethylpolysiloxane | 34% |
| Constituents ineffective as spray adjuvant | 66% |
| TOTAL | 100% |

KEEP OUT OF REACH OF CHILDREN

Precautionary Statements: Avoid breathing dust/fume/gas/mist/vapours or spray. Wash hands thoroughly after handling. Do not eat, drink, or smoke when using this product. **Environmental Precautions:** Prevent further leakage or spillage if safe to do so. Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not allow to enter drains, sewers, or watercourses.

Personal Protective Equipment: Wear protective gloves/protective clothing/eye protection/face protection.

FIRST AID: If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

GENERAL: AMAZE GOLD® is a water conditioning agent/deposition aid adjuvant designed to deliver more product to the target and enhance herbicide performance by modifying solution pH and water hardness. AMAZE GOLD promotes herbicide uptake, such as glyphosate, in agricultural applications. AMAZE GOLD as a high quality spray grade ammonium sulfate eliminates cold water sedimentation and nozzle plugging that may occur with dry AMS. AMAZE GOLD contains pH stable antifoam, which helps control foaming during tank mixing.

DIRECTIONS FOR USE: FOR USE WITH PRODUCTS REGISTERED FOR: AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND, ORNAMENTAL, RIGHTS-OF-WAY AND OTHER USES. THIS PRODUCT CANNOT BE USED FOR AQUATIC APPLICATIONS.

The use of AMAZE GOLD to a tank mix should always follow the review of herbicide(s) label(s) and their procedures, rates and application requirements. Before using AMAZE GOLD, it is recommended that the user be familiar with or conduct a field test to check for phytotoxicity of the herbicide combination.

RECOMMENDED USE RATES: Glyphosate and other tank mixes—use at a rate of: 2.5% (2.5 gals./100 gals. solution) for 8.5 lbs. of AMS/100 gals. 5% (5 gals./100 gals. solution) for 17 lbs. of AMS/100 gals.

Use Precautions: Pesticide performance varies with the type of pesticide, application conditions and vegetation near the sprayed area. Common sense and sound application technology must be followed when spraying pesticides. AMAZE GOLD will reduce but not totally eliminate off-target movement.

STORAGE AND DISPOSAL

STORAGE: Keep container tightly closed. Keep only in original container. Do not allow to freeze. For optimum storage stability, store at temperatures between 40°F (5°C) and 90°F (32°C). Avoid contact with iron clad, copper and copper-bearing materials. Avoid contact with eyes and skin. Do not store near oxidizing agents. **DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal. Dispose of contents/container on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycle.org.
