

Fluid Fertilizer 12-0-12 with LN3[®] Nitrogen

FEATURES & USE TIPS:

- Features LN3[®] water-soluble, controlled-release nitrogen.
- Contains a proprietary high concentration of LN3[®] as the slow-release nitrogen source.
- Clear solution for storage stability.
- Designed for spray application - no clogging.

PRODUCT SPECIFICATIONS:

N (12%):	7.80% Urea Nitrogen 4.20% Other Water Soluble Nitrogen* <small>*4.20% Slowly Available Nitrogen from urea-triazone solution</small>
K - as K₂O - (12%):	Potassium carbonate

Following is a specimen label that may at some point be revised or otherwise become out of date. It is intended as a guide in providing general information regarding the use of this product. Always read and follow the label on the product container.

PRODUCT SHEET

PRODUCT CODE:

AGC124AV5
AGC124AV30
AGC124AV250

Date: 062207
Supersedes: 000000
Label: E6

PRODUCT CHARACTERISTICS:

Product Type:
Liquid Fertilizer

Nitrogen Type:
Urea-triazone solution

Net Volume:
5 / 30 / 250 Gallons

Coverage:
1.34 / 8.01 / 66.78
Acres @ 0.1lb. N/M

GOLF PRODUCTS®

Fluid Fertilizer 12-0-12

with **LN₃**™ Nitrogen

- Contains LN₃™ controlled-release nitrogen for consistent, predictable growth and extended nitrogen feeding.
- Contains Proactin®
- Contains readily available potash for immediate plant uptake.
- Ideal for spray tank or fertigation applications.
- Provides the ideal complement to a granular fertility program.

10.55 Lbs per Gallon

Net Contents 30 Gal (113.4 liters)

Fluid Fertilizer 12-0-12 with LN₃™ Nitrogen

GUARANTEED ANALYSIS

Total Nitrogen (N)	12.00%
7.80% Urea Nitrogen	12.00%
4.20% Other Water Soluble Nitrogen*	
Soluble Potash (K ₂ O)	12.00%
Plant nutrients derived from: urea-triazine solution, urea and potassium carbonate	
Non-plant food ingredients: liquid protein	
*4.20% Slowly available nitrogen from urea-triazine solution	
Information regarding the contents and levels of metals in this product is available on the internet at http://www.regulatory-info-sp.com .	

PRODUCT SPECIFICATIONS:

10.55 Pounds Per Gallon

Specific Gravity:	1.245
Pounds of Nitrogen per gallon:	1.24
Pounds of Potash per gallon:	1.24

DIRECTIONS FOR USE:

Turf Applications: Fluid Fertilizer 12-0-12 may be applied as a biter spray application on all turfs (grasses, cool, transitional, and warm season) including lawns, athletic fields, and golf courses; fairways, greens, and tees. Apply anytime during the growing season, from the time turf first starts greening up in spring until active growth in the fall. May be applied to wet or dry foliage. Multiple applications enhance performance of this product. A sound fertility program is most effective when used continually in conjunction with granular products spaced throughout the growing season. Consult your distributor sales representative for a customized application program, utilizing Anderson granular and fluid fertilizer products. Water turf prior to next mowing to remove any remaining product from foliage.

Dilution Information: Determine the desired N application rate and the intended dilution (fertilizer should be applied as a spray solution) - volume of 2 - 4 gallons/1000 square feet.

Low N application rates (0.1 - 0.2 lbs. N/M) may be repeated at 10 - 14 day intervals. Moderate N applications rates (0.3 - 0.5 lbs. N/M) may be repeated at 2 - 4 week intervals.

Fertigation: For fairway applications, follow rates dictated by fertigation equipment and local agronomic program. Take into account other products being applied through fertigation equipment prior to using Fluid Fertilizer 12-0-12.

Tank Mixing: Add ½ of the total water to the spray tank. Activate sprayer agitation, measure appropriate volume of Fluid Fertilizer 12-0-12 concentrate, then add to the spray tank. Bring spray tank to total volume of water.

If tank mixing with pesticides, test compatibility prior to adding to spray mix. Perform a small jar test and allow to stand.

Fertilizer should be applied in 2-4 gallons of spray solution

Caution: Please keep out of reach of children.

May cause eye and skin irritation. Avoid contact with eyes, skin or clothing. May be harmful if inhaled. Avoid breathing mist. In case of contact, immediately flush eyes or skin with plenty of water. Discontinue use and get medical attention if irritation persists.

Precautions:

Test chemical compatibilities before tank mixing.

Not recommended for use when planting new turf areas. A high phosphorus fertilizer should be used.

Storage and Use:

Store in a cool dry place. Do not store in temperatures above 95°. Keep from freezing.

IMPORTANT: READ BEFORE USE:

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

WARRANTY DISCLAIMER and LIMITATION OF LIABILITY:

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. Manufacturer makes NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Where permissible, it is Manufacturer's intent to LIMIT ANY LIABILITY FOR SPECIAL, CONSEQUENTIAL OR INCIDENTAL ECONOMIC DAMAGES to refund of purchase price or replacement of product, at Buyer's choice. Manufacturer DISCLAIMS ANY LIABILITY FOR COMPENSATORY OR OTHER DAMAGES ARISING OUT OF ANY USE CONTRARY TO LABEL DIRECTIONS. Use contrary to label directions is not permitted.

LEGAL RIGHTS:

THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE JURISDICTION TO STATE JURISDICTION.
