Before using this product, read the entire label, including the condition of sale. Avoid contact with eyes. Harmful if swallowed. Avoid skin contact. Causes eye and skin irritation.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Wear chemical resistant gloves.

STATEMENT OF PRACTICAL TREATMENT

- If Swallowed:** Do NOT induce vomiting unless directed to do so by medical personnel. Seek medical attention. Never give anything by mouth to an unconscious person.
- If In Eyes:** Flush with water for 15 minutes. Seek medical attention if irritation persists.
- If On Skin:** Wash the affected area with water for 15 minutes. Seek medical attention if irritation persists.
- If Inhaled:** Remove person to fresh air. If cough or other respiratory symptoms develop, seek medical attention.

GENERAL INFORMATION

BIG OIL is a superior blend of highly refined paraffinic oil and emulsifier-surfactant system. It is designed for use with a broad range of pesticides including herbicides, insecticides, fungicides and/or fertilizers and micronutrients. This product increases contact activity of the spray, enhances penetration and provides uniform coverage of the leaf surface. This product contains an anti-foam to suppress foam development in tank mix combinations.

DIRECTIONS FOR USE

Note: Care should be exercised when sprays containing this product are applied to new crop varieties or highly inbred crop lines not previously treated with this product. It is recommended that a small test area be treated before spraying large areas. Use care during periods when pesticides are more active, such as during periods of hot or humid conditions. Not for aquatic use.

USE RATES

Use BIG OIL at a 100:1 dilution rate (1 gallon of BIG OIL per 100 gallons of water).

MIXING INSTRUCTIONS

To prepare agricultural sprays containing this product, fill the spray tank half full with water, add the proper amount of pesticide, fertilizer or micronutrient as directed by its label and then add this product. Maintain agitation during the entire process. Continue agitation while filling the tank with water and agitate before and during each application to ensure a uniform spray.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. Follow all governmental procedures for the disposal of agricultural spray solutions. Triple-rinse container and empty rinsate into spray tank. Dispose of empty container according to approved local practices; contact your County Agricultural Commissioner for disposal information.

WARRANTIES—CONDITION OF SALE

Our recommendations for use of this product are based upon tests believed reliable. Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the Seller.

In no case shall the Seller be liable for consequential, special or indirect damages resulting from the use and/or handling of this product when such use and/or handling of this product is not in strict accordance with directions given herewith. The foregoing is a condition of sale by Seller and is accepted as such by the Buyer.
