Manufactured for:
Columbia River
4151 Chelan Hwy., Wenatchee, WA 98801

GENERAL INFORMATION

EXTINCT XL is a proprietary silicone antifoam emulsion designed for prevention or suppression of foam formation in aqueous solutions. The functional properties include quick dispersibility, slight insolubility, relative stability, and spreadability in ionic solutions.

EXTINCT XL is very aggressive in agricultural pesticide tank mixes, especially ***ROUNDUP[®]** **ULTRA**, offering antifoaming qualities when used in a premix or defoaming characteristics on already existing foam. All emulsifiers used in this formulation are non-ionic, offering superior uniformity and compatibility.

This product cannot be used for aquatic applications.

NOTE: KEEP OUT OF LAKES, PONDS OR STREAMS. DO NOT CONTAMINATE WATER BY CLEANING OF EQUIPMENT OR DISPOSAL OF WASTES.

*Reg. Trademark of Monsanto.

USE RATES

Use **EXTINCT XL** at 1/2 to 2 ounces per 100 gallons of solution. It may be necessary to adjust the amount used according to individual conditions.

NOTE: it is always best to add to tank mixture before foam has already formed.

STORAGE and DISPOSAL

Store in a cool dry place. Keep from freezing. Do not reuse empty container. Dispose of container in a safe manner in accordance with federal, state and local regulations.

WARRANTY

COLUMBIA RIVER warrants that this product, when used as directed and in accordance with sound agricultural practices, is reasonably fit for the purposes stated on the label. Buyer assumes the risk of any use contrary to the directions so stated. COLUMBIA RIVER will not be liable for indirect or consequential damages. COLUMBIA RIVER makes no other expressed or implied warranty of Fitness or Merchantability. This warranty shall not be changed by oral or written agreement unless signed by a duly authorized officer of COLUMBIA RIVER. In no event shall COLUMBIA RIVER'S liability for any breach of warranty exceed the purchase price of the product to which a claim is made.
