6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures. . . . : Use the personal protective equipment recommended in Section 8 of this safety data sheet.

Environmental Precautions : It is good practice to prevent releases into the environment.

Methods and Materials for Containment and Cleaning Up : If clean and dry. Sweep up spilled material and use or dispose of in approved manner. Do not use water as this will make surfaces extremely slippery. If wet, flush heavily with water until non-slippery.

7. HANDLING AND STORAGE

Precautions for Safe Handling. : Should only be handled by those trained in potentially hazardous materials. Prevent skin contact. Do not get in eyes. Only use where there is adequate ventilation. Avoid generating dusts. Surfaces subject to spills or dusting can become extremely slippery. Keep surfaces clean and dry.

Conditions for Safe Storage. : Keep out of reach of children. Store in an area that is: cool, dry, ventilated. Store in the original, labelled, shipping container. Store in a closed container.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Appropriate Engineering Controls
Use local exhaust ventilation, if general ventilation is not adequate to control amount in the air. Provide eyewash and safety shower if contact or splash hazard exists.

Individual Protection Measures
Eye/Face Protection : Wear chemical safety goggles and face shield when contact is possible.
Skin Protection : Wear chemical protective clothing e.g. gloves, aprons, boots.
Eye/Face Protection : Use an appropriate respirator or dust mask.
