

Soil Conditioner

ATTAIN FC

NON-PLANT FOOD INGREDIENT

CONTENT ANALYSIS:

35.0% Ammonium Laureth Sulfate
65.0% Inert Ingredients

Weight per gallon: 8.7 Lbs.

CAUTION KEEP OUT OF REACH OF CHILDREN

Avoid Contact With Eyes

GENERAL INFORMATION

Attain FC is a soil conditioner designed to aid in water penetration in soil, reduce water runoff and increase soil flocculation. When added to liquid fertilizer, Attain FC improves water penetration which helps carry plant nutrients to the root zone. Attain FC is compatible with most pesticides and liquid fertilizers. If this product has not been used in the past with the fertilizer or pesticide selected, use the standard jar test to determine compatibility.

DIRECTIONS FOR USE

Apply 10-14 ounces per acre. Multiple applications are most effective. For best results apply with the irrigation water in the fall after harvest, early spring before planting, after emergence or during the growing season. Attain FC may also be applied by conventional farm spray methods. Mix the recommended quantity with enough water to cover the entire acre and apply to the soil. Incorporation is not necessary. The rate of application will vary with soil types and conditions. Follow the recommendations of a qualified individual or instructor such as your certified crop advisor, agronomist or University Crop Extension personnel.

STORAGE AND DISPOSAL

Do not contaminate water food or feed by storage or disposal.

STORAGE: Do not store in direct sunlight or above 120° F. Store in a cool, dry area out of reach of children. Store in original containers only.

DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

NOTICE: Before using this product, read the Directions for Use and Disclaimer of Warranty statements. If the Disclaimer of Warranty is not acceptable, return the product unopened within thirty days of purchase to the place of purchase.

DISCLAIMER OF WARRANTIES: Seller warrants that the chemical composition of this product conforms to the chemical description given on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation are beyond the control of seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of seller's liability. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon seller.
