

5 - 10 QUARTS / 100 GALLONS

General Information

GENERAL INFORMATION

POWERHOUSE is a water conditioner (ammonium sulfate) with a proprietary surfactant blend.

POWERHOUSE also contains an antifoaming agent to minimize foaming.

POWERHOUSE may be used with pesticides that either require or suggest the use of ammonium sulfate and/or ammonium sulfate + surfactants as the recommended adjuvant.

Limitations, Restrictions, and Exceptions

USE RATES

POWERHOUSE should be used at 5 – 10 quarts/100 gallons of spray solution (1.25 - 2.5% v/v). Other adjuvants may be added for deposition, retention and canopy penetration. Always read and follow the specific pesticide label directions, adjuvant suggestions, rates and mixing instructions.
