

CONVENTIONAL SPRAYERS

General Information

GENERAL INFORMATION

IrrigAid Gold is a patented technology that enhances the infiltration and penetration of applied irrigation water and rainfall in agricultural soils. IrrigAid Gold will enhance irrigation efficiency and improve moisture levels in the soil providing a better growing environment for your plants. IrrigAid Gold may be applied through any type of irrigation system (except earthen ditches) or by conventional spray equipment.

Limitations, Restrictions, and Exceptions

Irrigation or rainfall should follow application.
