

## VINE CROPS

### General Information

#### GENERAL DESCRIPTION:

A soluble manganese sulfate mineral supplement for soil applications to trees & vines, vegetable & field crops, turf, & greenhouse plants and various ornamental species.

7% Mn may be used with most fungicides, fertilizers, adjuvants or nutrients. Consult a technical representative for proper rates and possible compatible combinations.

CAUTION: Keep out of direct sunlight and temperatures over 105 deg. F. Fill the spray tank at least 3/4 full with water before commencing with blending of various spray materials. Consult a technical representative for specific procedures and uses.

### Limitations, Restrictions, and Exceptions

#### VINE CROPS

1-4 pts per acre ahead of, during and shortly following bloom as well as throughout the growing season. Especially apply ahead of or during physiological or environmentally-induced stress periods.
