

VINE CROPS - FOLIAR

General Information

GENERAL DESCRIPTION:

A micronutrient mineral supplement for foliar & soil applications to trees & vines, vegetable & field crops, turf & greenhouse plants, and various ornamental species.

Z- 4 2 2-O may also be used to provide extra protection ahead of and during periods of physiological or environmentally induced stress periods. This product is compatible with most organic approved fungicides, insecticides, adjuvants or nutrients.

DIRECTIONS FOR USE:

Apply near bloom and continue throughout the growing season

Limitations, Restrictions, and Exceptions

VINE CROPS

2-6 pts per 100 gal ahead of, during and shortly following bloom as well as throughout the growing season. Especially apply ahead of or during physiological or environmentally-induced stress periods.
