

POTTED PLANTS OR PLANTS HELD IN A BASIN

General Information

GENERAL DESCRIPTION:

For application to soils for woody perennials, herbaceous annuals & perennials, turf, ornamentals, vegetable & field crops and tree & vine crops.

IOTA T/O may be blended with most fungicides, insecticides, adjuvants or nutrients. Always use in conjunction with TILTH T/O Consult a company representative for technical details. Effective use is gained through applications with a hose-end sprayer.

Limitations, Restrictions, and Exceptions

Plants Held in a Basin: In a bucket or watering can blend in IOTA T/O and TILTH T/O at 1/4 to 1/2 oz of each material per gallon of water.

Irrigate plants with this mixture at least once every week.
