

## **PLANTS TO BE TREATED**

### General Information

JLB OIL PLUS is the only basal oil with the addition of Cide-Kick to boost effectiveness.

JLB OIL PLUS is a ready-to-use basal oil that eliminates the need for diesel and kerosene.

### Plants To Be Treated:

Brush species that could interfere with power lines, roadside maintenance, and safety.

### Types Of Application:

Low volume basal, streamline basal or other applications that penetrate the bark of the desired brush target.

### Method

[N.A.](#)
