

## **WATER SAVINGS**

### General Information

#### GENERAL INFORMATION:

WaterMaxx 2 is a patented technology that enhances the infiltration and penetration of applied irrigation water and rainfall in agricultural soils. WaterMaxx 2 will enhance irrigation efficiency and improve moisture levels in the soil providing a better growing environment for your plants. WaterMaxx 2 may be applied through any type of irrigation system (except earthen ditches) or by conventional spray equipment

### Limitations, Restrictions, and Exceptions

To ensure maximum usage of applied water to any growing system, apply 1 to 4 quarts/acre per month during growing season. Apply additionally if desired for maximum effect.
