

## **AFTER SEEDS HAVE GERMINATED**

### General Information

### DIRECTIONS FOR USE

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for the pesticide regulation.

### Limitations, Restrictions, and Exceptions

After seeds have germinated, use 0.8 to 1.2 fluid ounces of Jet-Ag per 5 gallons of clean water. Lightly spray or irrigate the soil and seedlings until thoroughly wetted. Retreat once per week until seed is well established.
