

## **AMMONIUM SULFATE REPLACEMENT**

### Limitations, Restrictions, and Exceptions

Rate of Application (Ammonium Sulfate Replacement): Entry Express contains Ammonium Sulfate salts which reduce water antagonism problems with some herbicides. Use at the rate of 3 to 5 lbs. per 100 gallons of water in these applications. Foliar fertilization is intended to be used as a supplement to a regular fertilization program and will not, by itself provide all the nutrients normally required by agricultural crops.
