

FIELD CROPS

General Information

PRODUCT INFORMATION

AQUABOR contains boron for soil and foliar applications. It is readily available and non-phytotoxic to plants when applied in accordance to directions. It is designed to prevent and correct boron deficiency. It may be applied with other fertilizers.

Limitations, Restrictions, and Exceptions

FOLIAR APPLICATION: For air application, add recommended amount to 10 gallons of water. In concentrate or dilute ground sprayers, it should be diluted with at least 100 times of water.

FIELD CROPS: Repeat application in 2-4 weeks if necessary.
