

# **FLOOD APPLICATION**

## General Information

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NOTE: Not For Use in New York State or California

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the Agency responsible for pesticide regulation.

Apply only when wind speed is 10 mph or less at the application site.

### Limitations, Restrictions, and Exceptions

#### Sharda Imidacloprid 70 WDG Ebb & Flood Application:

Sharda Imidacloprid 70 WDG may be applied through Ebb and Flood applications. To assure accurate uptake it is recommended that prior to treatment, a minimum of 10 plants be brought up to a known field capacity and allowed to dry out for one or two days. Rewet the same plants to determine how much water on average each plant will absorb to bring it back at field capacity. Use the volume absorbed per plant (keeping pot sizes uniform) multiplied by the number of pots being treated. Add to this volume a required minimum to flood your smallest treatment area. This should minimize the return back to the storage tank. Re-use the returned volume with subsequent irrigation or nutrients on the same plants.

1. Fungus gnat larvae in the soil will be controlled by drench or incorporation. No adult Fungus Gnat control. Other foliar insect control is achieved by the uptake of Sharda Imidacloprid 70 WDG from a healthy root system translocating the active ingredient up into the plant.
2. Root Mealybug control will require a thorough drenching of containerized media. Coverage is essential for control while minimizing the amount of leachate. Rate: one

ounce in 250 gallons of water.

3. Citrus Root Weevil: For use on non-bearing citrus nursery stock

4. Thrips suppression on foliage only. Thrips in buds and flowers will not be suppressed.

Note: For use on vegetable plants intended for resale only including: Broccoli, Chinese Broccoli, Broccoli Raab, Brussels Sprouts, Cabbage, Chinese Cabbage, Cauliflower, Collards, Eggplant, Ground Cherry, Kale
