

# POST-CONSTRUCTION TREATMENT: BATH TRAPS

## General Information

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NOTE: Not For Use in New York State or California

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the Agency responsible for pesticide regulation.

Apply only when wind speed is 10 mph or less at the application site.

### Limitations, Restrictions, and Exceptions

### POST-CONSTRUCTION TREATMENT

BATH TRAPS: Exposed soil or soil covered with tar or a similar type sealant under and around plumbing and/or drain pipe entry areas must be treated with 3 gallons of solution per square foot. Cut/install an access door or inspection vent if one is not already present. Inspect and remove any wood or cellulose debris, then treat soil by rodding or drenching the soil.
