

INDOOR APPLICATIONS

General Information

PRODUCT INFORMATION

Use Instructions and Precautions:

Do not treat areas that are easily accessible to children and pets.

- Advion Cockroach Gel Bait can be used indoors or outdoors applied as a crack and crevice treatment within residential homes, industrial facilities, offices, warehouses, commercial kitchens, hospitals, schools, nursing homes, hotels, buses, trains, aircraft, retail and commercial establishments, and other areas infested with cockroaches.

- Apply Advion Cockroach Gel Bait to areas frequented by cockroaches such as between different elements of construction, between equipment and floors, openings leading into voids and hollow spaces in floors, walls, ceilings, equipment legs and bases, around plumbing pipes, doors and windows, and behind and under appliances, cabinets, sinks, closets, and any other equipment that cockroaches are typically known to hide.

- Do not apply Advion Cockroach Gel Bait to surfaces recently treated with residual sprays.

- Do not apply residual sprays to surfaces treated with Advion Cockroach Gel Bait.

- Inspect bait placements during follow-up inspections and apply fresh bait as needed.

- Do not apply to surfaces that food contacts.

- Do not allow open foods to contact gel material.

Limitations, Restrictions, and Exceptions

Indoor Use Directions

- Infested areas must be carefully inspected to determine overall infestation levels,

locations of harborage areas, and most appropriate application points.

- Apply Advion Cockroach Gel Bait as a small spot of material, approximately 0.5 grams (approx. 1/4" in dia.), to areas not able to be contacted by children or pets.
- Several small applications distributed within an area are more effective than 1 or 2 applications of large quantities. In some cases a small thin bead (less than 1/8" wide and 2" long) may be appropriate such as between construction elements or other cracks and crevices.
- Indoor applications include cracks and crevices along walls or floors, behind or under equipment, under tables, within framing of tables or furniture, around sinks, within or near garbage collection areas, attics, crawl spaces, and cracks and crevices in cabinets.
- Inspect Advion Cockroach Gel Bait placements periodically for consumption or attractiveness and reapply as needed.
