

## **GROUND APPLICATION**

### General Information

#### Soluble Dry Powder

FP-LL15 is an organic fertilizer and fish protein supplement. It can be used applied directly to the soil or used as a foliar spray application. Use during all stages of growth for improved crop quality, performance, and yeilds.

### Limitations, Restrictions, and Exceptions

#### Ground Application

FP-LL15 Fish Hydrolysate may be applied dry or preferably in solution at 2-5 lbs. per 100 gals. as desired. Solution can be shanked in at time of seeding field crops. Ocean Grown Hydrolyzed Fish will not clog emitters and used as a “side dressing” even with systems using micro perforated drip irrigation tape with sheet mulching and row covers.
