

FOR DEFOLIANTS, DESICCANTS AND WETTABLE POWDERS

General Information

GENERAL INFORMATION

SIR-Factant is a general purpose non-ionic surfactant of the alkylaryl polyethoxyethanol type surface active agents. It can be used with most insecticides, fungicides, herbicides, acaricides, defoliants, desiccants and wettable powders to improve performance of the active spray ingredient by giving them more uniform distribution and better wetting of the plant surface.
