

GOLF COURSE TURF - TEES AND GREENS

General Information

TERRAZOLE L is useful as a soil fungicide for control of damping-off, root and stem diseases caused by Pythium and Phytophthora.

Use only at recommended rates as overdosage may be harmful to sensitive plants.

Limitations, Restrictions, and Exceptions

GOLF COURSE TURF - TEES AND GREENS

TERRAZOLE L can be applied as a spray to both newly seeded and established turf.

Application is limited to tees and greens. Application to fairways is prohibited.

For commercial use only. Not for use on home lawns, sod farms or municipal parks.

Do not allow animals to graze on treated areas and do not feed clippings from treated areas to animals.

USE AND APPLICATION RATE

Begin applications at first sign of disease and retreat at 10 to 14 day intervals as needed.

Within the rate range given, use the lower rate for the shortest interval listed and the higher rate for the longest interval.

Under severe conditions, use the highest rate and shortest interval specified.

The interval between applications may not be less than 10 days.
