

HERBICIDES AND DEFOLIANTS

General Information

GENERAL INFORMATION

DEPLOY is a high analysis spreader-activator which gives quick wetting, absorption and aids in assimilation and translocation. DEPLOY is low foaming, nonionic, and is 90% active. It can be used with insecticides, miticides, herbicides, defoliants and fungicides.

Limitations, Restrictions, and Exceptions

DIRECTIONS FOR USE

Herbicides and Defoliants: 1-4 pints. Add DEPLOY to spray tank first.

Note: The above use recommendations are considered to be adequate for most uses. Some pesticides, however, may require higher rates for optimum effect. Follow the pesticide label directions when this occurs. However, do not add this product at a rate which exceeds 5% of the total spray volume.
