

TOMATOES

General Information

PRODUCT INFORMATION

VITA GREEN is a concentrated product containing major and minor nutrients, carbohydrates, amino acids and naturally occurring plant growth promoting substances which enhance crop yields, quality and vigor.

VITA GREEN can be applied to most vegetable crops, row crops, deciduous fruit and nut trees, citrus, avocados, grapes, melons, ornamentals, turf, pasture, and most other crops.

VITA GREEN is a cost effective way to fortify crops against disease by strengthening the plants natural resistant system.

VITA GREEN is compatible with most pesticides and herbicides except dormant oil and lime sulfur. A compatibility test is recommended if the desired combination has not been used in the past.
