

## **FOR FIRST TIME USE**

### General Information

#### PRODUCT INFORMATION

DRIP INN CITRIC CLEANOUT CONCENTRATE is a specially formulated nutritional designed for drip system and micro fertigation clean out.

DRIP INN CITRIC CLEANOUT CONCENTRATE is compatible with most common liquid fertilizer mixes.

DRIP INN CITRIC CLEANOUT CONCENTRATE will prevent scale buildup, dissolve calcium buildup and dissolve other substances that can clog fertigation systems.

- Refer to supplemental label.

### Limitations, Restrictions, and Exceptions

#### SUGGESTED USES

##### GENERAL CLEANING OF FERTIGATION PUMPS

First Time Use - Mix 2 gallons of concentrate with 150 gallons of water, then flush thru the system, then reduce constant rate to 1.5 gallons to 150 gallons of water, flush thru the system.

It is recommended to flush tanks with clean water, 2 to 3 times before using Drip Inn Citric Cleanout Concentrate.
